**Missouri Public
Service Commission**

File Number
GC-2012-0078

4CSR 240-2 section (4) The commission shall not be Required to dismiss any Complaint because of the absence of direct damage to the Complainant

4CSR 240-2 section (D) The Relief Requested

I Myron Lockhart is requesting Current Value of the bonds, shares and stocks cashed in before maturity date. Section (E) a statement as to whether

the Complainant has directly the Person, Corporation or public utility about which Complaint is being made.

section (F) The jurisdiction of the commission over the subject matter of the Complaint. 4CSR 240-40

Enforcement when enforcing the standards, or any order of the commission regarding these standards the

commission may apply any remedy available to the commission. (A) records required under this rule shall be

maintained by each regulated gas corporation of six years (11) Nothing contained in the rule and no action by

the commission under this rule shall be construed to approve or exempt any activity or arrangement that

would violate the Antitrust laws of the state of Missouri or of the United States or to limit the rights of any person

or ~~any~~ entity under those laws. I feel the investigation should continue in this matter so my interest can be proven. So IRS Records,

trust Registration and court proceeding held by the commission Missouri Citizens should have fair rates and knowing they are

paying their hard-earned money to the proper and legal companies That is the authority of the commission to make sure the

public safety well being and interest. So we need to verify ownership of these companies.
