Upon receipt of requests for mediation, the 30-day time period shall be tolled while the Commission ascertains whether Staff is also willing to submit to voluntary mediation. If Staff agrees to mediation, the time within which answers are due shall be suspended pending the

**COMPLAINT**

**COMES NOW** the Staff of the Missouri Public Service Commission, through the undersigned counsel, and pursuant to Section 386.390 RSMo (2000)<sup>1</sup> and 4 CSR 240-2.070(1), files this Complaint with the Missouri Public Service Commission against Respondent, Central Rivers Wastewater Utility, Inc. (“Central Rivers” or “Company”), for violation of the Commission’s statutes and rules relating to the filing of annual reports. In support of its Complaint, Staff respectfully states the following:

**Introduction**

1. This matter concerns Respondents failure to timely file an annual report as required by Section 393.140(6), RSMo and Commission Rule 4 CSR 240-3.335.

---

<sup>1</sup> All statutory references are to RSMo 2000, as currently supplemented.

## **Parties**

2. Complainant is the Staff of the Missouri Public Service Commission, acting through the Staff Counsel's Office as authorized by Commission Rule 4 CSR 240-2.070(1).

3. Respondent Central Rivers Wastewater Utility, Inc. is a Missouri corporation in good standing. Respondent's official representative, as listed in EFIS, is Mark Geisinger, P.O. Box 528, Kearney, MO. This Commission granted Respondent a Certificate of Convenience and Necessity ("CCN") authorizing the Company to provide water service to the public for gain on May 25, 1999 in SA-98-530, and its most recent tariff sheet revisions became effective on September 6, 2015 in JS-2016-0045. Pursuant to that CCN, Respondent provides water service to approximately 237 customers in Cole County, Missouri.

## **General Allegations**

4. Respondent owns, controls and manages sewer systems, plants, or property for the collection, carriage, treatment, and disposal of sewage for the public for gain and is therefore a "sewer corporation" as defined by § 386.020(50), RSMo and a "public utility" as defined by § 386.020(43), RSMo, and thus is subject to the jurisdiction of this Commission pursuant to § 386.250(3), RSMo.

5. Section 386.390.1, RSMo authorizes the Commission to entertain a complaint "setting forth any act or thing done or omitted to be done by any...public utility...in violation, or claimed to be in violation, of any provision of law, or of any rule, or order or decision of the commission."

6. Section 386.600, RSMo provides, “an action to recover a penalty...under this chapter or to enforce the powers of the commission under this or any other law may be brought in any circuit court in this state in the name of the state of Missouri and shall be commenced and prosecuted to final judgment by the general counsel to the commission.”

**Respondent failed to submit Central Rivers’ 2015 annual report**

7. Complainant hereby adopts by reference and re-alleges the allegations set out in Paragraphs 1 through 6, above.

8. Section 393.140(6), RSMo requires every sewer corporation to file with the Commission an annual report, and Rule 4 CSR 240-3.335(1) requires the annual report to be filed with the Commission on or before April 15 of each year.

9. Respondent was granted a 30-day extension to file its annual report no later than May 15, 2016 pursuant to 4 CSR 240-3.335(6). Respondent did not file Central Rivers’ 2015 annual report by May 15, 2016.

10. On May 31, 2016 Staff mailed a letter to the Company notifying Respondent that the Commission had not received the Company’s 2015 annual report and that the Respondent would be subject to legal action if the Company did not file its 2015 annual report by June 15, 2016.

11. As of the date of this filing, Respondent has failed, omitted, or neglected to file Central Rivers’ calendar year 2015 annual report.

12. Section 393.140(6), RSMo states, “[a]ny such person or corporation which shall neglect to make any such report or which shall fail to correct any such report within the time prescribed by the commission shall be liable to a penalty of one hundred

dollars and an additional penalty of one hundred dollars for each day after the prescribed time for which it shall neglect to file or correct the same...”

**WHEREFORE**, Staff respectfully requests the Commission give notice to the Respondent as required by law and, after the opportunity for hearing, issue an order that finds the Respondent failed, omitted, or neglected to file an annual report for 2015 and authorizes the General Counsel’s Office to bring a penalty action against the Respondent in circuit court as provided in Sections 386.600 and 393.140(6), RSMo.

Respectfully submitted,

**Information Sheet Regarding Mediation of Commission Formal Complaint Cases**

Mediation is a process whereby the parties themselves work to resolve their dispute with the aid of a neutral third-party mediator. This process is sometimes referred to as “facilitated negotiation.” The mediator’s role is advisory and although the mediator may offer suggestions, the mediator has no authority to impose a solution nor will the mediator determine who “wins.” Instead, the mediator simply works with both parties to facilitate communications and to attempt to enable the parties to reach an agreement which is mutually agreeable to both the complainant and the respondent.

The mediation process is explicitly a problem-solving one in which neither the parties nor the mediator are bound by the usual constraints such as the rules of evidence or the other formal procedures required in hearings before the Missouri Public Service Commission. The Regulatory Law Judges at the Public Service Commission are trained mediators and this service is offered to parties who have formal complaints pending before the Public Service Commission at no charge. In addition, the assistance of an attorney is not necessary for mediation. In fact, the parties are encouraged not to bring an attorney to the mediation meeting.

The formal complaint process before the Commission invariably results in a determination by which there is a “winner” and a “loser” although the value of winning may well be offset by the cost of attorneys fees and the delays of protracted litigation. Mediation is not only a much quicker process but it also offers the unique opportunity for informal, direct communication between the two parties to the complaint and mediation is far more likely to result in a settlement which, because it was mutually agreed to, pleases both parties. This is traditionally referred to as “win-win” agreement.

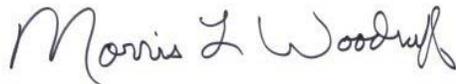

The traditional mediator’s role is to (1) help the participants understand the mediation process, (2) facilitate their ability to speak directly to each other, (3) maintain order, (4) clarify misunderstandings, (5) assist in identifying issues, (6) diffuse unrealistic expectations, (7) assist in translating one participant’s perspective or proposal into a form that is more understandable and acceptable to the other participant, (8) assist the

participants with the actual negotiation process, (9) occasionally a mediator may propose a possible solution, and (10) on rare occasions a mediator may encourage a participant to accept a particular solution. The Judge assigned to be the mediator will not be the same Judge assigned to the contested complaint.

In order for the Commission to refer a complaint case to mediation, the parties must both agree to mediate their conflict in good faith. The party filing the complaint must agree to appear and to make a good faith effort to mediate and the utility company against which the complaint has been filed must send a representative who has full authority to settle the complaint case. The essence of mediation stems from the fact that the participants are both genuinely interested in resolving the complaint.

Because mediation thrives in an atmosphere of free and open discussion, all settlement offers and other information which is revealed during mediation is shielded against subsequent disclosure in front of the Missouri Public Service Commission and is considered to be privileged information. The only information which must be disclosed to the Public Service Commission is (a) whether the case has been settled and (b) whether, irrespective of the outcome, the mediation effort was considered to be a worthwhile endeavor. The Commission will not ask what took place during the mediation.

If the dispute is settled at the mediation, the Commission will require a signed release from the complainant in order for the Commission to dismiss the formal complaint case. If the dispute is not resolved through the mediation process, neither party will be prejudiced for having taken part in the mediation and, at that point, the formal complaint case will simply resume its normal course.
