CASE NO. EC-2011-0383

CLARIFICATION OF AMOUNT IN DISPUTE

COMES NOW, Complainant ("Briarcliff"), by its attorneys, and pursuant to the Commission's Order Giving Notice of Contested Case, Directing Answer and Directing Staff Investigation ("Order") date June 1, 2011, Complainant responds as follows:

1. In the Commission's Order, the Commission directed Complainant "to state if this dispute involves less than \$3,000, in which case, this action shall proceed pursuant to Commission Rule 4 CSR 240-2.070(14)." In Ordered 2., the Commission gave Briarcliff until June 27, 2011 to file a pleading clarifying if this dispute involves less than \$3,000.

2. By this pleading, Briarcliff is clarifying that this dispute involves more than \$3,000. As can be seen from the Bill Comparison Analysis and Summary attached hereto and incorporated by reference as Appendix A, the amount of the dispute just from the period commencing September 17, 2009 through April 18, 2011, in which the rates have been computed at both the Large General Service Rates at Secondary Voltage and the Large General Service - All Electric Rates at Secondary Voltage, the total amount in dispute for such period is

\$15,550.15. Furthermore, the amount in dispute is growing each winter month that service has been provided since April 18, 2011.

WHEREFORE, having fully answered and clarified that the dispute is in excess of \$3,000, it follows that Rule 4 CSR 240-2.070(14), which is applicable if the amount in dispute is less than \$3,000, is not applicable to this dispute and the Commission should so find.
