Subject: Delivery Location Operational Flow Order (OFO) – System Wide -- ALL Line Segments

**Notice Text**

Southern Star Central Gas Pipeline (“SSCGP”) is issuing a Standard OFO applicable to Receiving Parties tak deliveries on ALL Line Segments, pursuant to Section 10 of its FERC Gas Tariff’s General Terms and Conditi (“GT&C”), due to point operators taking more gas off the system than is scheduled, and considering any no-no Maximum Daily Quantity (“MDQ”) at the location, during the current below normal temperatures and h demands. This order will be effective at 9:00 A.M. CST on February 13, 2021. Requirements of this OFO are li below.

**Requirements of this Standard OFO**

**On a daily basis:**

1. Takes at any delivery point on ALL Line Segments shall not exceed the sum of the quantity scheduled by Southern Star and confirmed by the Receiving Party for the account of all Shippers delivering gas at that point, plus the remaining MDQ(s) for that Delivery Point under Rate Schedules TSS and STS. Receiving Parties who take gas in excess of that amount at any delivery point will be subject to penalties pursuant to GT&C Section 10 for failure to comply with this OFO.

This OFO will remain in effect at least through the February 16, 2021 gas day; however, SSCGP will monitor operations and may, by additional notice, either adjust this Standard OFO to an Emergency OFO, extend it beyond such date or terminate it earlier as operational conditions warrant. Thank you in advance for your cooperation in this matter. If you have any questions regarding this notice, please contact one of the Customer Service Representatives listed below.
