Subject: Big River~TRRO transition plan

Hi, Andrew,

At 6:00 this evening, I left you a voice mail message asking about your transition plan for the various products that Big River needs to take care of (attached). Please call me tomorrow and let me know what Big River's plans are.

<<Big River~Volumes.xls>>

> As SBC communicated on July 1, 2005, via Accessible Letter
> CLECALL05-112 and July 11, 2005 via a Notice of Transition of the FCC
> TRO Remand Order Declassified UNEs letter (both attached for your
> convenience), 25% of the transition period defined by the FCC has
> elapsed. As you know, the FCC's TRO Remand Order ("Order") became
> effective on March 11, 2005.

> Both documents mentioned above respectfully requested you provide your
> Company's Transition Plans to your account manger within 30 days of
> the Accessible Letter. I know CTI has an Interim Remand Order in
> place, but I actually don't know if CTI is any closer to an LWC or if
> it has some other plans. Also, CTI has other products that are NOT
> UNE-P that also needs transitioning (DS1 loops, DS3 loops, DS3
> transport, and possibly some PRIs/BRIs), and on those products, I have
> yet to receive any transition plans from CTI.

>
> I'm standing by to accept your Company's Transition Plans by network
> element (i.e., ULS/UNE-P, DS1 and DS3 Loops, DS1 and DS3 Transport,
> Dark Fiber Loops and Dark Fiber Transport) including:

>
> * Month-over-month volumes that will be transitioned or
> disconnected by State;
> * The alternative arrangement to which each network element, or
> category of network elements, will be transitioned to by month and
> State.

> Thanks, and have a great day!
