

Standard Incentives

For Ameren Missouri's Commercial & Industrial electric customers

Cash Back Fast with Standard incentives

Standard incentives are the quick and easy way to receive cash for your energy efficiency upgrades. These incentives are paid on a per-unit-installed basis. Cash incentives are available for qualified:

- Lighting
- Lighting controls
- Commercial cooking
- Refrigeration
- Electric water heating
- Swimming pools

Projects with all Standard measures do not require pre-approval unless the incentive is anticipated to be more than \$10,000. Projects that include even one Custom measure require pre-approval of the entire project before equipment purchase or installation. All Standard incentive applications must be submitted to the **BizSavers**[®] program within 180 days of project installation.

Verify your Eligibility

Standard incentives are available to non-residential Ameren Missouri electric customers. You can earn up to \$3,000,000 in incentives per cycle (ending Jan. 31, 2019) with a minimum of \$150 per application. Incentives are capped at total project cost.

Get Started Today

Check out the Standard incentives list below and apply for your cash incentive after equipment has been purchased and installed. Go to AmerenMissouri.com/BizSavers for the Standard incentive application or connect with us directly by calling toll-free 1.866.941.7299 or emailing BIzefficiency@ameren.com.

Interior Lighting: Standard (A-Series) Lamp Replacements

Existing Equipment	Efficient Equipment	Incentive
Incandescent 40-60 watts*	LED ≤ 11 watts	\$5/lamp
Incandescent 75-100 watts*	LED 12 -20 watts	\$7/lamp

*Halogen equivalent wattage will be used as the base wattage to calculate program energy savings.

Interior Lighting: Reflector Lamp Replacements

Existing Equipment	Efficient Equipment	Incentive
Halogen MR-16 35-50 watts	LED ≤ 13 watts	\$11/lamp
Halogen BR/R 45-65 watts	LED ≤ 14 watts	\$12/lamp
Halogen PAR 48-90 watts	LED ≤ 20 watts	\$15/lamp

Interior Lighting: HID Lamp* Replacements (Re-use existing Fixture)

Existing Equipment	Efficient Equipment	Incentive
HID Lamp 100-175 watts	LED (HID Lamp Replacement) ≤ 80 watts	\$50/lamp
HID Lamp 176-300 watts	LED (HID Lamp Replacement) 81-110 watts	\$70/lamp
HID Lamp 301-400 watts	LED (HID Lamp Replacement) 111-130 watts	\$105/lamp

*For HID to LED fixture replacements please use the Custom program.

Interior Lighting: 4ft Linear Fluorescent Lamp* Replacements

Existing Equipment	Efficient Equipment	Incentive
T8 32 watt	T8 25 or 28 watt	\$2/lamp
T8 25, 28 or 32 watt	Linear LED lamp ≤ 22 watts	\$5/lamp
T12 ≤ 40 watt	T8 25 or 28 watt	\$3/lamp
T12 ≤ 40 watt	Linear LED lamp ≤ 22 watts	\$6/lamp

*For fixture replacements please use the Custom program.

Exit Sign Replacements

Existing Equipment	Efficient Equipment	Incentive
Incandescent Exit Sign	LED or Electroluminescent (ELD)	\$12/sign
CFL Exit Sign	LED or Electroluminescent (ELD)	\$12/sign

Exterior Lighting: 24/7 or Garage 24/7 Lighting: HID Lamp* Replacements (Re-use existing fixture)

Existing Equipment	Efficient Equipment	Incentive
HID 100-175 watts	LED (HID Lamp Replacement) \leq 80 watts	\$60/lamp
HID 176-300 watts	LED (HID Lamp Replacement) 81-110 watts	\$80/lamp
HID 301-400 watts	LED (HID Lamp Replacement) 111-130 watts	\$115/lamp

*For HID to LED fixture replacements please use the Custom program.

Occupancy Sensors (No existing sensors installed)

Efficient Equipment	Incentive
Fixture Mounted Sensor Controlling > 200 and ≤ 500 watts	\$35/sensor
Lighting Circuit Sensor (Single Technology) Controlling > 50 and ≤ 120 watts	\$15/sensor
Lighting Circuit Sensor (Single Technology) Controlling > 120 watts	\$35/sensor
Lighting Circuit Sensor (Dual Technology) Controlling > 150 watts	\$45/sensor

Electric Water Heating

Equipment Size	Existing Equipment	Efficient Equipment	Incentive
2.9-14.6 kW	Electric Resistance Commercial Water Heater w/ 98% Efficiency	HP Water Heater ≥ 3.0 COP	\$1,057/unit
14.7-29.3 kW			\$2,664/unit
29.4-87.9 kW			\$7,052/unit
88-146.5 kW			\$14,000/unit
> 146.6 kW			\$21,000/unit

Refrigeration

Equipment Size	Existing Equipment	Efficient Equipment	Incentive
less than 15ft ³	Non-ENERGY STAR Unit	ENERGY STAR Commercial Glass Door Freezers	\$85/unit
15 to 30 ft ³			\$160/unit
30 to 50 ft ³			\$270/unit
more than 50 ft ³			\$427/unit
less than 15 ft ³		ENERGY STAR Commercial Solid Door Freezers	\$35/unit
15 to 30 ft ³			\$70/unit
30 to 50 ft ³			\$121/unit
more than 50 ft ³			\$225/unit
	No Door Heater Controls	Anti-Sweat Heater Control	\$68/controller

Swimming Pools

Existing Equipment	Efficient Equipment	Incentive
Electric Resistance Heater	Pool Heater Heat Pump	\$90/unit
Pool Pump with no VFD	Pool Pump VFD	\$125/unit
No Pool Pump Timer	Pool Pump Timer	\$30/unit

Cooking

Equipment Size	Existing Equipment	Efficient Equipment	Incentive
3 Pan	Non-Energy Star Unit	Non-Energy Star Unit	\$671/unit
4 Pan			\$729/unit
5 Pan			\$788/unit
6 Pan			\$910/unit
Full Size	Non-Energy Star Unit	Energy Star Hot Food Holding Cabinet	\$397/unit
