OF THE STATE OF MISSOURI**

In the Matter of Kansas City	)	
Power & Light Company's 2013	)	
Annual Renewable Energy	)	File No. EO-2013-0504
Standard (RES) Compliance Plan	)	

**MISSOURI DEPARTMENT OF NATURAL RESOURCES'  
APPLICATION TO INTERVENE**

COMES NOW Missouri Department of Natural Resources (MDNR)  
and, pursuant to Commission Rule 4 CSR 240-2.075, respectfully requests  
that the Commission issue its order granting MDNR's Application to  
Intervene. For its Application, MDNR states as follows:

1. On April 15, 2013, Kansas City Power & Light Company  
("KCP&L") filed its 2012 Annual Renewable Energy Standard Compliance  
Report pursuant to Public Service Commission Rule 4 CSR 240-20.100. The  
Commission opened Case No. EE-2013-0452 and on April 16, 2013, directed  
that notice be provided and that staff file a report of its review no later than  
May 30, 2013. The Order also directed that no later than May 30, 2013, the  
Office of the Public Counsel, and any other interested person or entity, may  
file comments regarding the report.

2. On May 28, 2013, KCP&L filed its 2013 Annual Renewable  
Energy Standard Compliance Plan and Report pursuant to Commission Rule

4 CSR 240-20.100 in Case No. EE-2013-0452. On the same date, it also filed a Revised 2012 Plan and Report (“Plans and Reports”).

3. On May 29, 2013, the Commission closed File No. EE-2013-0452 and opened Case No. EO-2013-0504 to receive the Plans and Reports, and set a deadline of July 12, 2013, for comments, but did not address the status of parties who had been granted intervention in Case No. EE-2013-0452.

4. MDNR, and specifically its Division of Energy, is a state agency vested with the powers and duties set forth in § 640.150 RSMo. In addition, MDNR is tasked with certifying renewable energy resources pursuant to § 393.1025(5) RSMo.

5. MDNR has an interest different than that of the general public, and its intervention will serve a public interest, in that the Division of Energy will be looking at the report and plans from a formal policy and planning perspective as well as looking at the potential impacts on environmental quality. MDNR has a specific interest in encouraging renewable energy sources.

6. MDNR has not determined the specific position it will take in this case; however, the Division of Energy has an interest in participating in this matter.

7. Communications, correspondence, orders and decision in this matter should be addressed to:
