

Robert Hellebusch's response to the seven issues listed on the April 17th pleading.

1. Yes, because it charges fees for sewer service.
2. Yes, the Respondents have never built a proper spray-off system or emergency spillway.
3. Yes, the system needs a proper spray-off system, back up pump for the lift station, etc.
4. Yes, the Respondents have been collecting fees for sewer services and the Commission has not authorized fees to be collected.
5. Yes, based on the Respondents past history [illegally hooking up houses to a illegal lagoon, installing to small of sewer pipe, letting the lagoon over flow into the houses] I feel the assests should be transferred.
6. Yes, based on past performance.
7. Yes, due to the amount of time that has pasted with little or no action on the part of the Respondents.
