This is the second request (though from a different person) I've had to pull this information for SBC. Since we are disputing the UNE bill, should I proceed with their request?

This is another request form that they have sent. I just want to be sure we aren't trapping ourselves if we do this

After our phone conversation, I can understand what SBC/AT&T is trying to accomplish with the BAN Request Form. Big River Telephone will not complete these forms until the dispute is finalized. We are hesitant to begin billing for LWC services and pricing that we don't agree to.

After the dispute is settled, and if needed, we will complete the forms to begin LWC services. As of now, we still feel that everything should be under section 251/271.
