**NOTICE CLOSING CASE**

Date Issued: November 23, 2009

On August 10, 2009, the Missouri Public Service Commission issued an order approving the above-captioned application. Socket Telecom, LLC, had not filed a tariff with its application and was informed that it could not provide service reflecting the authority granted in the August 10 order until it filed a tariff. This docket remained open to allow Socket to file its tariff in the case. A number of months have passed and Socket has not filed a tariff in this case. This case will therefore be closed.

When Socket files a tariff it may do so in this case, reopening this docket, which the Commission will again close. If Socket files its tariff and does not refer to this case, then it will be assigned a tracking number and it will be routed appropriately.
