**ORDER REQUESTING CLARIFICATION**

Issue Date: January 31, 2012

Effective Date: January 31, 2012

On December 30, 2011, 3L Communications Missouri, LLC (“Company”) filed an application with the Missouri Public Service Commission (“Commission”) seeking a certificate of service authority to provide basic local exchange telecommunications service and switched exchange access services in Missouri, competitive classification, waiver of certain Commission rules and statutory provisions, and approval of an initial tariff . On January 12, 2012, the Company amended its application, requesting additional authority to provide statewide local exchange and interexchange services. On January 31, 2012, the Commission’s Staff filed a Staff Recommendation. Staff states in its recommendation that the Commission should grant the Company service authority to provide basic local telecommunications service, but does not state a recommendation regarding switched exchange access services or statewide local exchange and interexchange services. The Commission will seek further clarification from the Staff.

**THE COMMISSION ORDERS THAT:**

1. The Staff of the Commission shall file a recommendation no later than February 6, 2012 clarifying its position regarding the Company’s request for service

authority to provide switched exchange access services and statewide local exchange and interexchange services.

2. This order shall become effective immediately upon issuance.
