- 2.5.2 Without incurring liability, NTI may interrupt the provision of services at any time in order to perform tests and inspections to assure compliance with tariff regulations and the proper installation and operation of Customer and NTI's equipment and facilities and may continue such interruption until any items of noncompliance or improper equipment operation so identified are rectified.
- 2.5.3 Service may be discontinued by NTI without notice to the Customer, by blocking traffic to certain NXX exchanges, or by blocking calls using certain Customer authorization codes, when NTI deems it necessary to take such action to prevent unlawful use of its service. NTI will restore service as soon as it can be provided without undue risk, and will, upon request by the Customer affected, assign a new authorization code to replace the one that has been deactivated.
- 2.5.4 The Customer may terminate service upon thirty (30) days notice for the Company's standard month to month contract. Customer will be liable for all usage on any of the Company's service offerings until the Customer actually leaves the service.
