

BEFORE THE PUBLIC SERVICE COMMISSION
OF THE STATE OF MISSOURI

In the Matter of the Application)
of Union Electric Company d/b/a)
Ameren Missouri for Approval of) File No. ET-2018-0132
Efficient Electrification Program)

**CHARGEPOINT INC.'S STATEMENT OF SUPPORT
OF STIPULATION**

Comes now ChargePoint, Inc. (“ChargePoint”) and for its statement of support submits the following to the Commission:

1. On August 8, 2019, Ameren Missouri, the Commission’s Staff, and the Office of the Public Counsel filed a stipulation and agreement (“the Stipulation”) which, if approved by the Commission, would allow Ameren Missouri to pursue additional electric vehicle (“EV”) charging station incentive options, specifically the three additional EV sub-programs previously proposed in this proceeding (multifamily, public, and workplace charging), but as modified by the terms of the Stipulation.

2. ChargePoint fully supports the Stipulation because its programs will incent development of charging infrastructure in a way that will stimulate technology innovation, encourage competition in the market, and enable customer choice for EV charging equipment and services. Rebates for EV charging hardware and installation represent an efficient, low-risk model for utility investment and will encourage customer investment in competitive charging technologies and electric vehicle adoption, long-term. The Stipulation also recognizes and addresses the needs and opportunities for Charge Ahead that exist across all of the segments targeted in the program.

3. The Stipulation is in the public interest.

WHEREFORE, ChargePoint respectfully requests the Commission to issue an order approving the Stipulation.

Respectfully submitted,

/s/ Mark W. Comley
