LOCAL MARKET TRIAL

A. Purpose

A market trial is intended to enable the Company to test it's ability to provide local exchange services to the general public. The Company will also test support systems which are required to establish, provision, operate and maintain services, whether such systems are provided solely by the Company or in combination with systems provided by other carriers or vendors. A market trial is not an offer to provide service to the general public. The market trial, which will be geographically dispersed as the build out of Company facilities progresses, will conclude on December 31, 2001.

B. Eligibility

A maximum of 100 targeted participants may be provided services offered as part of the local market trial.

C. Availability

Services subject to the local market trial are available in the Bourbon, Cuba and St. James exchanges.

D. Services

Exchange services, both Residence and Business, offered as part of the local market trial may include basic local exchange service, optional services, operator services, E911 service and other services planned for offering to the general public.
