ORDER APPROVING INTEREXCHANGE CERTIFICATE OF SERVICE AUTHORITY AND
ORDER APPROVING TARIFF

Shared Communications Services, Inc. (SCS) applied to the Public Service Commission on November 4, 1997, for a certificate of service authority to provide intrastate interexchange telecommunications services in Missouri under § 392.440, RSMo 1994¹. SCS asked the Commission to classify it as a competitive company and waive certain statutes and rules as authorized by §§ 392.361 and 392.420. Applicant is an Oregon corporation, with its principal office located at 1095 25th Street SE, Suite 201, Salem, Oregon 97301.

The Commission issued a Notice of Applications and Opportunity to Intervene on November 12, directing parties wishing to intervene to file their requests by December 1. The requirement for a hearing is met when the opportunity for hearing has been provided and no proper party has requested the opportunity to present evidence. State ex rel. Rex Deffenderfer Enterprises, Inc. v. Public Service Commission, 776 S.W.2d 494, 496 (Mo.App. 1989). Since no one has asked permission to intervene

or requested a hearing, the Commission may grant the relief requested based on the verified application.

SCS filed a proposed tariff in conjunction with its application and filed substitute sheets on December 3. The tariff's effective date is December 19. SCS's tariff describes the rates, rules, and regulations it intends to use, identifies SCS as a competitive company, and lists the waivers requested. SCS intends to provide interexchange telecommunications services including 1+ direct dial, 800 number services, directory assistance, operator services, and travel card services.

In its Memorandum filed on December 10, the Staff of the Commission stated that Applicant's proposed services are similar to existing IXC offerings. Staff recommended that the Commission grant Applicant a certificate of service authority, competitive status, and waiver of the statutes and rules listed in the Notice. Staff recommended that the Commission approve the proposed tariff to become effective on December 19.

The Commission finds that competition in the intrastate interexchange telecommunications market is in the public interest and Applicant should be granted a certificate of service authority. The Commission finds that the services Applicant proposes to offer are competitive and Applicant should be classified as a competitive company. The Commission finds that waiving the statutes and Commission rules set out in Ordered Paragraph 2 is reasonable and not detrimental to the public interest.

The Commission determines, by authority of § 392.470, that Applicant should comply with the following regulatory requirements as reasonable and necessary conditions of certification:

- (1) Applicant must comply with reasonable requests by Staff for financial and operating data to allow Staff to monitor the intraLATA toll market. § 386.320.3.
- (2) Applicant must file tariffs containing rules and regulations applicable to customers, a description of the services provided, and a list of rates associated with those services in accordance with 4 CSR 240-30.010 and § 392.220, RSMo Supp. 1996.
- (3) Applicant may not unjustly discriminate between its customers. §§ 392.200, RSMo Supp. 1996, 392.400.
- (4) Applicant must comply with all applicable rules of the Commission except those specifically waived by this order. §§ 386.570, 392.360.
- (5) Applicant must file a Missouri-specific annual report. §§ 392.210, 392.390.1.
- (6) Applicant must comply with jurisdictional reporting requirements as set out in each local exchange company's access services tariffs. § 392.390.3.
- (7) Applicant must submit to the staff, on a confidential basis, a copy of the jurisdictional report it submits to local exchange companies. The report must be submitted within ten days of the date on which it is submitted to the local exchange company.

The Commission finds that SCS's proposed tariff details the services, equipment, and pricing it proposes to offer, and is similar to tariffs approved for other Missouri certificated interexchange carriers. The Commission finds that the proposed tariff filed on November 4 shall be approved as amended to become effective on December 19.

IT IS THEREFORE ORDERED:

1. That Shared Communications Services, Inc. is granted a certificate of service authority to provide intrastate interexchange telecommunications services in the state of Missouri, subject to the conditions of certification set out above.

2. That Shared Communications Services, Inc. is classified as a competitive telecommunications company. The following statutes and regulatory rules shall be waived:
