) Case No. TA-97-438

## **ORDER GRANTING CERTIFICATE TO PROVIDE BASIC LOCAL TELECOMMUNICATIONS SERVICES**

## Procedural History

WinStar Wireless of Missouri, Inc. (WinStar) applied to the Commission on April 4, 1997, for a certificate of service authority to provide basic local exchange telecommunications services in Missouri under Sections 392.420 - .440, RSMo 1994<sup>1</sup>, and Sections 392.410 and .450, RSMo Supp. 1996. WinStar asked the Commission to classify it as a competitive company and waive certain statutes and rules as authorized by Sections 392.361 and 392.420. WinStar is a Delaware corporation with principal offices at 7799 Leesburg Pike, Suite 401 South, Tyson's Corner, Virginia. WinStar is a wholly owned subsidiary of WinStar Wireless Fiber Corp. which is, in turn, a wholly owned subsidiary of WinStar Communications, Inc.

The Commission issued an Order and Notice on April 18, directing parties wishing to intervene in the case to do so by May 19. The Commission granted permission to intervene to the following entities on May 27:

Southwestern Bell Telephone Company (SWBT)  
GTE Midwest Incorporated (GTE)  
The Small Telephone Company Group<sup>2</sup>  
Fidelity Telephone Company and Bourbeuse Telephone Company

The parties filed a Stipulation and Agreement (SA) which is included with this order as Attachment 1 on June 19. WinStar filed a Motion to Waive Evidentiary Hearing on the same date stating that none of the parties opposed the grant of a certificate to WinStar without a hearing. The Staff of the Commission (Staff) filed Suggestions in Support of the SA on September 10. In the SA the parties waived their rights to present testimony, cross-examine witnesses, present oral argument or briefs, and to seek rehearing or judicial review. The requirement for a hearing is met when the opportunity for hearing has been provided and no proper party has requested the opportunity to present evidence. State ex rel. Rex Deffenderfer Enterprises, Inc. v. Public Service Commission, 776 S.W.2d 494, 496 (Mo. App. 1989). Since no one has requested a hearing in this case, the Commission may grant the relief requested based on the verified application.

## **Background**

WinStar, which is certificated to provide intrastate interexchange and local exchange services in Missouri<sup>3</sup>, wishes certification to provide resold and facilities-based basic local exchange telecommunications services as well. WinStar wants to provide basic local services in portions of Missouri that are currently served by SWBT, GTE and Sprint Missouri, Inc. (Sprint)<sup>4</sup>. WinStar is not asking for certification in any area that is served by a small incumbent local exchange provider (ILEC). The specific exchanges in which WinStar proposes to operate are described in Appendix B to its application (Attachment 2 to this order). WinStar is requesting that its basic local exchange services be classified as competitive and that the application of certain statutes and regulatory rules be waived.

## **Discussion**

### **A. Requirements of 4 CSR 240-2.060(4)**

Commission rule 4 CSR 240-2.060(4) requires a foreign corporation applying for certification to provide telecommunications services to include in its application a certificate from the Secretary of State showing it is authorized to do business in Missouri, a description of the types of service it intends to provide, a description of the exchanges where it will offer service, and a proposed tariff with a 45-day effective date. WinStar has provided all the required documentation except for the

<sup>3</sup> WinStar was originally certified to provide interexchange and local exchange services in Case No. TA-95-268 under the name of Avant-Garde Telecommunications of Missouri, Inc. In September of 1995 Avant-Garde changed its name to WinStar Wireless of Missouri, Inc.

<sup>4</sup> Formerly United Telephone Company of Missouri d/b/a Sprint.

proposed tariff. The company requested a temporary waiver of 4 CSR 240-2.060(4)(H) because it is not party to approved interconnection agreements with the ILECs providing the underlying services. The company agreed to submit to the Commission for approval a proposed tariff with a minimum 30-day effective date. WinStar will file the tariff in Case No. TA-97-438 and give notice of the tariff filing to all parties and participants. Along with that filing WinStar has agreed to provide a written disclosure of all interconnection agreements it has entered into which affect its Missouri service areas.

## **B. Basic Local Service Certification**

Section 392.455, RSMo Supp. 1996, sets out the requirements for granting certificates to provide basic local telecommunications service to new entrants. A new entrant must: (1) possess sufficient technical, financial and managerial resources and abilities to provide basic local telecommunications service; (2) demonstrate that the services it proposes to offer satisfy the minimum standards established by the Commission; (3) set forth the geographic area in which it proposes to offer service and demonstrate that such area follows exchange boundaries of the incumbent local exchange telecommunications company and is no smaller than an exchange; and (4) offer basic local telecommunications service as a separate and distinct service. In addition, the Commission must give due consideration to equitable access for all Missourians to affordable telecommunications services, regardless of where they live or their income.

### **1. Technical, financial and managerial resources and abilities.**

WinStar submitted Appendix C with its application that lists the names and qualifications of its management team. In addition to academic credentials, the team members have experience in various areas of the

telecommunications industry including finance, business law, new business and corporate development, network systems planning and engineering, and management. WinStar submitted as Appendix D the Form 10-K of its parent, WinStar Communications, Inc. (WCI), on whose finances it will rely for the development of its basic local services. The 10-K was submitted to the federal Securities and Exchange Commission and reflects WCI's financial position as of March 31, 1997. The parties agreed that WinStar possesses sufficient technical, financial and managerial resources and abilities to provide basic local telecommunications service.

**2. The entrant's proposed services satisfy the minimum standards established by the Commission.** WinStar stated in its application that it will provide high quality basic local services, by means of digital technology whenever possible. WinStar proposes to provide service using a combination of its own equipment and facilities purchased from other providers. The applicant also plans to construct Wireless Fiber loops as needed to provide switched services. WinStar stated that it will comply with all Commission rules, including quality of service and billing standards. The parties agreed that WinStar proposes to offer basic local services that satisfy the minimum standards established by the Commission.

**3. The geographic area in which the company proposes to offer service.** WinStar set out in Appendix B all the exchanges in which it proposes to offer services. The company has agreed that its service area must follow ILEC exchange boundaries and be no smaller than an exchange. The parties agreed that WinStar has sufficiently identified the geographic area in which it proposes to offer basic local service and that the area follows ILEC exchange boundaries and is no smaller than an exchange.

4. The offering of basic local telecommunications service as a separate and distinct service. WinStar has agreed to offer basic local telecommunications service as a separate and distinct service.

5. Equitable access for all Missourians to affordable telecommunications services. WinStar has agreed to provide equitable access, as determined by the Commission, for all Missourians within the geographic area in which it will offer basic local services in compliance with Section 392.455(5), RSMo Supp. 1996.

### **C. Competitive Classification**

The Commission may classify a telecommunications provider as a competitive company if the Commission determines it is subject to sufficient competition to justify a lesser degree of regulation. § 392.361.2. In making that determination the Commission may consider such factors as market share, financial resources and name recognition, among others. In the matter of the investigation for the purpose of determining the classification of the services provided by interexchange telecommunications companies within the State of Missouri, 30 Mo. P.S.C. (N.S.) 16 (1989); In the matter of Southwestern Bell Telephone Company's application for classification of certain services as transitionally competitive, 1 Mo. P.S.C. 3d 479, 484 (1992). In addition, all the services a competitive company provides must be classified as competitive. § 392.361.3. The Commission has found that whether a service is competitive is a subject for case-by-case examination and that different criteria may be given greater weight depending upon the service being considered. *Id.* at 487.

The parties have agreed that WinStar should be classified as a competitive telecommunications company. The parties have also agreed that WinStar's switched exchange access services may be classified as a

competitive service, conditioned upon certain limitations on WinStar's ability to charge for its access services. WinStar has agreed that, unless otherwise ordered by the Commission, its originating and terminating access rates will be no greater than the lowest Commission-approved corresponding access rates in effect at the date of certification for the large incumbent LECs within those service areas in which WinStar seeks to operate. The parties have agreed that the grant of service authority and competitive classification to WinStar should be expressly conditioned on the continued applicability of Section 392.200, RSMo Supp. 1996, and on the requirement that any increases in switched access services rates above the maximum switched access service rates set forth in the agreement must be cost-justified pursuant to Sections 392.220, RSMo Supp. 1996, and 392.230, rather than Sections 392.500 and 392.510.

The parties agreed that waiver of the following statutes is appropriate: Sections 392.210.2, 392.270, 392.280, 392.290.1, 392.300.2, 392.310, 392.320, 392.330, RSMo Supp. 1996, and 392.340. The parties also agreed that application of these Commission rules could be waived: 4 CSR 240-10.020, 4 CSR 240-30.040, and 4 CSR 240-35.

### **Findings of Fact**

The Missouri Public Service Commission, having considered all of the competent and substantial evidence upon the whole record, makes the following findings of fact:

- A. The Commission finds that competition in the basic local exchange telecommunications market is in the public interest.
- B. The Commission finds that WinStar has met the requirements of 4 CSR 240-2.060(4) for applicants for certificates of service authority to provide telecommunications services with the

exception of the filing of a tariff with a 45-day effective date.

- C. The Commission finds that WinStar has demonstrated good cause to support a temporary waiver of the tariff filing requirement and the waiver shall be granted.
- D. The Commission finds that WinStar meets the statutory requirements for provision of basic local telecommunications services and has agreed to abide by those requirements in the future. The Commission determines that granting WinStar a certificate of service authority to provide basic local exchange telecommunications services is in the public interest. WinStar's certificate shall become effective when its tariff becomes effective.
- E. The Commission finds that WinStar is a competitive company and should be granted waiver of the statutes and rules set out in Ordered Paragraph 3.
- F. The Commission finds that WinStar's certification and competitive status are expressly conditioned upon the continued applicability of Section 392.200, RSMo Supp. 1996, and on the requirement that any increases in switched access services rates above the maximum switched access service rates set forth in the agreement must be cost-justified pursuant to Sections 392.220, RSMo Supp. 1996, and 392.230, rather than Sections 392.500 and 392.510.

### **Conclusions of Law**

The Missouri Public Service Commission has reached the following conclusions of law:

The Commission has the authority to grant certificates of service authority to provide telecommunications service within the state of Missouri. WinStar has requested certification under Sections 392.420 - .440, and Sections 392.410 and .450, RSMo Supp. 1996. Those statutes permit the Commission to grant a certificate of service authority where the grant of authority is in the public interest. Sections 392.361 and .420 authorize the Commission to modify or suspend the application of its rules and certain statutory provisions for companies classified as competitive or transitionally competitive.

The Federal Telecommunications Act of 1996 and Section 392.455, RSMo Supp. 1996, were designed to institute competition in the basic local exchange telecommunications market in order to benefit all telecommunications consumers. Section 392.185, RSMo Supp. 1996, states that "the provisions of this chapter shall be construed to: (1) Promote universally available and widely affordable telecommunications services; . . . (3) Promote diversity in the supply of telecommunications services and products throughout the state of Missouri; . . . (6) Allow full and fair competition to function as a substitute for regulation when consistent with the protection of ratepayers and otherwise consistent with the public interest . . ."

The Commission has the legal authority to accept a Stipulation and Agreement as offered by the parties as a resolution of the issues raised in this case, pursuant to Section 536.060, RSMo Supp. 1996. Based upon the information contained within the Stipulation and Agreement of the parties, and upon its findings of fact, the Commission concludes that the Stipulation and Agreement should be approved.

**IT IS THEREFORE ORDERED:**

1. That the stipulation of the parties, filed on June 19, 1997, is adopted in resolution of the issues.

2. That WinStar Wireless of Missouri, Inc. is granted a certificate of service authority to provide basic local telecommunications services in the state of Missouri, subject to the conditions of certification set out above, to become effective when the company's tariff becomes effective.

3. That WinStar Wireless of Missouri, Inc. is classified as a competitive telecommunications company. The following statutes and regulatory rules shall be waived:

**Statutes**

392.210.2 - uniform system of accounts  
392.270 - valuation of property (ratemaking)  
392.280 - depreciation accounts  
392.290.1 - issuance of securities  
392.300.2 - acquisition of stock  
392.310 - stock and debt issuance  
392.320 - stock dividend payment  
392.340 - reorganization(s)  
392.330, RSMo Supp. 1996 - issuance of securities,  
debts and notes

**Commission Rules**

4 CSR 240-10.020 - depreciation fund income  
4 CSR 240-30.040 - uniform system of accounts  
4 CSR 240-35 - reporting of bypass and  
customer-specific arrangements

4. That the request for waiver of the filing of 4 CSR 240-2.060(4)(H) which requires the filing of a 45-day tariff is granted.

5. That WinStar Wireless of Missouri, Inc. shall file tariff sheets for approval reflecting the rates, rules, regulations and the services it will offer within 30 days after the Commission approves an interconnection agreement enabling the company to provide basic local

services. The tariff shall be filed in Case No. TA-97-438 and shall include a listing of the statutes and Commission rules waived under Ordered Paragraph 3.

6. That WinStar Wireless of Missouri, Inc. shall give notice of the filing of the tariffs described in Ordered Paragraph 5 to all parties or participants. In addition, WinStar Wireless of Missouri, Inc. shall file a written disclosure of all interconnection agreements which affect its Missouri service areas, all portions of Missouri service areas for which it does not have an interconnection agreement, and an explanation of why no interconnection agreement is necessary for those areas.

7. That WinStar Wireless of Missouri, Inc.'s certification and competitive status are expressly conditioned upon the continued applicability of Section 392.200, RSMo Supp. 1996, and on the requirement that any increases in switched access service rates above the maximum switched access service rates set forth in the agreement must be cost-justified pursuant to Sections 392.220, RSMo Supp. 1996, and 392.230, rather than Sections 392.500 and 392.510.

8. That this order shall become effective on December 30, 1997.

**STIPULATION AND AGREEMENT**

1. WinStar Wireless of Missouri, Inc. ("WinStar" or "Applicant") initiated this proceeding on April 4, 1997 by filing an Application requesting a certificate of service authority to provide basic local telecommunications service on a facilities-based and resold basis in all exchanges currently served by Southwestern Bell Telephone Company ("SWB"), GTE Midwest Incorporated ("GTE") and United Telephone Company of Missouri d/b/a/ Sprint ("Sprint/United"). On April 18, 1997 the Commission issued its Order and Notice and set an intervention deadline of May 19, 1997.

2. The Commission has granted the timely application to intervene of SWB, GTE<sup>1</sup>, and the Small Telephone Company Group<sup>2</sup> in its Order Granting Intervention and Directing Filing of Procedural Schedule, issued on May 27, 1997. Pursuant to that Order, on

---

<sup>1</sup> GTE originally sought only participation without intervention.

<sup>2</sup> For purposes of this proceeding the "Small Telephone Company Group" includes BPS Telephone Company, Cass County Telephone Company, Citizens Telephone Company of Higginsville, Missouri, Inc., Craw-Kan Telephone Cooperative, Inc., Ellington Telephone Company, Farber Telephone Company, Goodman Telephone Company, Inc., Granby Telephone Company, Grand River Mutual Telephone Corporation, Green Hills Telephone Corporation, Holway Telephone Company, KLM Telephone Company, Kingdom Telephone Company, Ladirop Telephone Company, Le-Ru Telephone Company, Mark Twain Rural Telephone Company, McDonald County Telephone Company, Miller Telephone Company, New Florence Telephone, New London Telephone Company, Orchard Farm Telephone Company, Oregon Farmers Mutual Telephone Company, Ozark Telephone Company, Rock Port Telephone Company, Seneca Telephone Company, Steelville Telephone Exchange, Inc., Stoutland Telephone Company, Fidelity Telephone Company and Bourbeuse Telephone Company.

June 11, 1997 Applicant filed its Notice of Intention to File Stipulation and Agreement on or before June 20, 1997.

3. For purposes of this Stipulation and Agreement, the parties agree that applications for basic local exchange authority in exchanges served by "large" local exchange companies (LECs)<sup>3</sup> should be processed in a manner similar to that in which applications for interexchange and local exchange authority are currently handled.

4. In determining whether WinStar's application for certificate of service authority should be granted, the Commission should consider WinStar's technical, financial and managerial resources and abilities to provide basic local telecommunications service. WinStar must demonstrate that the basic local services it proposes to offer satisfy the minimum standards established by the Commission, including but not limited to the applicant agreeing to file and maintain basic local service tariff(s) with the Commission in the same manner and form as the Commission requires of incumbent local exchange telecommunications companies with which the applicant seeks to compete. Further, WinStar agrees to meet the minimum basic local service standards, including quality of service and billing standards, as the Commission requires of the incumbent local exchange telecommunications companies with which the applicant seeks to compete. Notwithstanding the provisions of Section 392.500 RSMo (1994), as a condition of certification and competitive classification, WinStar agrees that, unless otherwise ordered by the Commission, the applicant's originating and terminating access rates will be no greater than the lowest Commission approved corresponding access

---

<sup>3</sup>Large LEC's are defined as LECs who serve 100,000 or more access lines. Section 386.020 RSMo, Supp. 1996. In Missouri, the current large LECs are SWBT, GTE and United.

rates in effect at the date of certification for the large incumbent LEC(s) within those service area(s) applicant seeks authority to provide service. Further, WinStar agrees to offer basic local telecommunications service as a separate and distinct service and must sufficiently identify the geographic service area in which it proposes to offer basic local service. Such area must follow exchange boundaries of the incumbent local exchange telecommunications companies in the same area and must be no smaller than an exchange. Finally, WinStar agrees to provide equitable access as determined by the Commission for all Missourians within the geographic area in which it proposes to offer basic local service, regardless of where they live or their income, to affordable telecommunications services. See Section 392.455 RSMo (1996 Supp.).

5. WinStar has submitted its Application without tariffs and sought a temporary waiver of 4 CSR 240-2.060(4)(H).<sup>4</sup> WinStar agrees to file its initial tariff(s) in the certification docket and serve all parties thereto with written notice at the time the initial tariff(s) are submitted to afford them an opportunity to participate in the tariff approval process. Copies of the tariff(s) will be provided by WinStar to such parties immediately upon request. Any service authority shall be regarded as conditional and shall not be exercised until such time as tariff(s) for services have become effective. When filing its initial basic local tariff(s), WinStar shall also file and serve a written disclosure of all interconnection agreements which affect its Missouri service areas, all portions of its Missouri service areas for which it does not have an interconnection agreement with the incumbent local exchange

<sup>4</sup>Good cause for failure to file proposed tariffs with the Application must be shown. The lack of an approved interconnection agreement (47 USC 252) constitutes good cause.

services. The tariff shall be filed in Case No. TA-97-438 and shall include a listing of the statutes and Commission rules waived under Ordered Paragraph 3.

6. That WinStar Wireless of Missouri, Inc. shall give notice of the filing of the tariffs described in Ordered Paragraph 5 to all parties or participants. In addition, WinStar Wireless of Missouri, Inc. shall file a written disclosure of all interconnection agreements which affect its Missouri service areas, all portions of Missouri service areas for which it does not have an interconnection agreement, and an explanation of why no interconnection agreement is necessary for those areas.

7. That WinStar Wireless of Missouri, Inc.'s certification and competitive status are expressly conditioned upon the continued applicability of Section 392.200, RSMo Supp. 1996, and on the requirement that any increases in switched access service rates above the maximum switched access service rates set forth in the agreement must be cost-justified pursuant to Sections 392.220, RSMo Supp. 1996, and 392.230, rather than Sections 392.500 and 392.510.

carrier, and its explanation of why such an interconnection agreement is unnecessary for such areas.

6. WinStar has, pursuant to Section 392.420 RSMo requested that the Commission waive the application of any or all of the following statutory provisions and rules to basic local telecommunications services, and the parties agree that the Commission should grant such request provided that Section 392.200 RSMo should continue to apply to all of WinStar's services:

STATUTORY PROVISIONS

Section 392.270

COMMISSION RULES

4 CSR 240-10.020  
4 CSR 240-30.040  
4 CSR 240-35

7. The parties have employed the foregoing standards and criteria, which are intended to meet the requirements of existing law and Sections 392.450 and 392.455 of SB 507 regarding applications for certificates of local exchange service authority to provide or resell basic local telecommunications service, in negotiating the remaining provisions of this Stipulation and Agreement.

**B. WINSTAR'S CERTIFICATION**

8. WinStar has submitted as Appendix B to its Application a listing of the specific SWB, GTE and United exchanges in which it seeks authority to provide service. WinStar hereby agrees that its original Application should be deemed further amended as required to

include by reference the terms and provisions described in paragraphs 5-7 hereinabove to the extent that its original Application might be inconsistent therewith.

9. Based upon its verified Application, as amended by this Stipulation and Agreement, WinStar asserts, and no party makes a contrary assertion, that there is sufficient evidence from which the Commission should find and conclude that WinStar:

- A. possesses sufficient technical, financial and managerial resources and abilities to provide basic local telecommunications service, including exchange access service;
  - B. proposes and agrees to offer basic local services that will satisfy the minimum standards established by the Commission;
  - C. has sufficiently identified the geographic area in which it proposes to offer basic local service and such area follows exchange boundaries of the incumbent local exchange telecommunications companies in the same areas, and such area is no smaller than an exchange;
  - D. will offer basic local telecommunications services as a separate and distinct service;
  - E. has agreed to provide equitable access as determined by the Commission for all Missourians within the geographic area in which it proposes to offer basic local service, regardless of where they live or their income, to affordable telecommunications services; and
  - F. has sought authority which will serve the public interest.
10. WinStar asserts and no party opposes, that WinStar's application and request

for authority to provide basic local telecommunications service (including exchange access service) should be granted. All services<sup>5</sup> authorized herein should be classified as competitive telecommunications services, provided that the requirements of Section 392.200 continue to apply, and WinStar shall continue to be classified as a competitive telecommunications company. WinStar asserts, and no party opposes, that such services will be subject to sufficient competition by the services of the incumbent LECs to justify a lesser degree of regulation of WinStar's services consistent with the protection of ratepayers and the promotion of the public interest. Such classification should become effective upon the tariffs for the services becoming effective. Such authority should be conditional, not to be exercised until such time as tariffs for those services have been filed (together with the written disclosure as stipulated above) and have become effective. The Commission's Order should state the foregoing conditions substantially as follows:

"The service authority and service classification herein granted are subject to the requirements of Section 392.200 and are conditional and shall not be exercised until such time as tariffs for services have become effective."

The parties agree that the applicant's switched exchange access services may be classified as competitive services. The parties further agree that the applicant's switched exchange access services are subject to Section 392.200. Any increases in switched access service rates above the maximum switched access service rates as set forth in paragraph 4 herein shall be cost-justified and be made pursuant to 392.220 and 392.230 and not 392.500 and 392.510. The Commission's order should state the foregoing conditions substantially as

---

<sup>5</sup>Switched exchange access service is further addressed in paragraph 10 below.

follows:

"The service authority and service classification for switched exchange access granted herein is expressly conditioned on the continued applicability of Section 392.200 and the requirement that any increases in switched access service rates above the maximum switched access service rates set forth herein shall be cost-justified and be made pursuant to Sections 392.220 and 392.230 and not Sections 392.500 and 392.510."

11. WinStar's request for a temporary waiver of 4 CSR 240-2.060(4)(H), which requires applications to include a proposed tariff with a 45-day effective date, is not opposed by the parties and should be granted because at the time of filing its Application WinStar did not have approved interconnection agreements with the incumbent LECs. WinStar agrees that at such time as all facts necessary for the development of tariffs become known, it will submit tariffs in this docket, with a minimum 30-day proposed effective date, to the Commission for its approval, together with the written disclosure as stipulated above. WinStar shall serve notice to all parties and participants in this docket of the filing of its tariffs at the time they are filed with the Commission, and serve them with the aforesaid written disclosure and shall upon request immediately provide any party with a copy of those tariffs. The Commission's order should state these obligations as conditions to the temporary waiver of 4 CSR 240-2.060(4)(H), substantially as follows:

"Applicant's request for temporary waiver of 4 CSR 240-2.060(4)(H) is hereby granted for good cause in that applicant at the time of filing its Application did not have an approved interconnection agreement with the incumbent local exchange

carrier[s] within whose service areas it has sought authority to provide service; provided, when applicant submits its tariffs in this docket to the Commission such tariffs shall have a minimum of a 30-day effective date and the applicant shall serve written notice upon the parties hereto of such submittal, and shall provide copies of such tariffs to such parties immediately upon request. When filing its initial basic local tariff in this docket, the applicant shall also file and serve upon the parties hereto a written disclosure of: all interconnection agreements which affect its Missouri service areas; all portions of its Missouri service areas for which it does not have an interconnection agreement with the incumbent local exchange carrier; and its explanation of why such an interconnection agreement is unnecessary for any such areas."

12. WinStar's request for waiver of the application of the following rules and statutory provisions as they relate to the regulation of WinStar's new services should be granted:

STATUTORY PROVISIONS

Section 392.210.2  
Section 392.270  
Section 392.280  
Section 392.290.1  
Section 392.300.2  
Section 392.310  
Section 392.320  
Section 392.330  
Section 392.340.

COMMISSION RULES

4 CSR 240-10.020  
4 CSR 240-30.040  
4 CSR 240-35

13. This Stipulation and Agreement has resulted from extensive negotiations among the signatories and the terms hereof are interdependent. In the event the Commission does

not adopt this Stipulation in total, then this Stipulation and Agreement shall be void and no signatory shall be bound by any of the agreements or provisions hereof. The Stipulations herein are specific to the resolution of this proceeding and are made without prejudice to the rights of the signatories to take other positions in other proceedings.

15. In the event the Commission accepts the specific terms of this Stipulation and Agreement, the parties and participants waive, with respect to the issues resolved herein: their respective rights pursuant to Section 536.080.1, RSMo 1994, to present testimony, to cross-examine witnesses, and to present oral argument or written briefs; their respective rights to the reading of the transcript by the Commission pursuant to Section 536.080.2, RSMo 1994; and their respective rights to seek rehearing pursuant to Section 386.500 RSMo 1994 and to seek judicial review pursuant to Section 386.510, RSMo. 1994. The parties agree to cooperate with the Applicant and with each other in presenting this Stipulation and Agreement for approval to the Commission and shall take no action, direct or indirect, in opposition to the request for approval of WinStar's application made herein.

16. The Staff may submit a Staff Recommendation concerning matters not addressed in this Stipulation. In addition, if requested by the Commission, the Staff shall have the right to submit to the Commission a memorandum explaining its rationale for entering into this Stipulation and Agreement. Each party of record and participant herein shall be served with copy of any memorandum and shall be entitled to submit to the Commission, within five (5) days of receipt of Staff's memorandum, a responsive memorandum which shall also be served on all parties and participants. All memoranda submitted by the parties shall be considered privileged in the same manner as settlement

discussions under the Commission's rules, shall be maintained on a confidential basis by all parties and participants, and shall not become a part of the record of this proceeding or bind or prejudice the party submitting such memorandum in any future proceeding or in this proceeding whether or not the Commission approves this Stipulation and Agreement. The contents of any memorandum provided by any party are its own and are not acquiesced in or otherwise adopted by the other signatories to the Stipulation and Agreement, whether or not the Commission approves and adopts this Stipulation and Agreement.

The Staff shall also have the right to provide, at any agenda meeting at which this Stipulation and Agreement is noticed to be considered by the Commission, whatever oral explanation the Commission requests, provided that the Staff shall, to the extent reasonably practicable, provide the other parties and participants with advance notice of when the Staff shall respond to the Commission's request for such explanation once such explanation is requested from Staff. Staff's oral explanation shall be subject to public disclosure.

WHEREFORE, the signatories respectfully request the Commission to issue its Order approving the terms of this Stipulation and Agreement and issue its Order granting authority and classification as requested by WinStar Wireless of Missouri, Inc., subject to the conditions described above, as expeditiously as possible.

Respectfully submitted,
