

**BEFORE THE PUBLIC SERVICE COMMISSION
OF THE STATE OF MISSOURI**

In the Matter of the Application of Laclede)
Gas Company to Transfer an Asset to Spire) **Case No. GM-2017-0018**
Pipeline, Inc.)

THIRD STATUS REPORT

COMES NOW Spire Missouri Inc., formerly known as Laclede Gas Company (“Spire Missouri” or “Company”) and files this Third Status Report, stating:

1. On April 10, 2017, the Commission issued its Order Staying Proceedings in this case. Pursuant to that order, on May 1, 2017, the Company filed a status report describing developments at the FERC relevant to Spire Missouri’s Line 880. Specifically, the Company reported that Spire STL Pipeline LLC (“Spire STL”) had filed an amended application at the FERC indicating that the purchase of the Company’s Line 880 was no longer the preferred alternative.

2. On May 11, 2017, the Commission issued an order continuing the stay and directing Spire Missouri to file a report by December 1, 2017 if it had not sooner dismissed its application. On November 27, 2017, the Company filed a second status report stating that the Spire STL proceeding at the FERC is still pending and that Line 880 continues to be only a secondary alternative.

3. In this status report, the Company reiterates that the Spire STL proceeding at the FERC is still pending. The Company believes that Line 880 is, at this point, only a remote secondary alternative.

4. Nevertheless, Spire Missouri requests that the Commission continue the stay in this case pending the FERC’s ruling on Spire STL’s amended application. The Company again proposes to either dismiss its application or file another status report by August 1, 2018.

WHEREFORE, Laclede respectfully requests that the Commission accept this Third Status Report and grant its request herein.

Respectfully Submitted,

/s/ Rick Zucker
