**CERTIFICATE OF CONVENIENCE AND NECESSITY (CCN)**

5. MAWC proposes to purchase substantially all of the sewer assets of the currently unregulated Taos system and requests permission, approval and a CCN to own, acquire, construct, operate, control, manage and maintain the sewer system for the public in an area in and around the City of Taos, Missouri.

6. To provide service to the proposed area, MAWC will purchase the Taos system from the City of Taos, Missouri. Taos is a Fourth-Class City located in Cole County. Taos serves about 421 sewer accounts. The City of Taos has a population of approximately 878.

7. The Taos system consists of approximately 1/3 pressure sewer lines and 2/3 gravity sewer lines with five lift stations, as well as 22 duplex and 5 simplex pumping stations. MAWC is committed to investing in capital improvements in the Taos system over the next five (5) years.

8. On January 13, 2020, the Taos City Council voted to place the sale of the Taos system to MAWC on the June 2, 2020 ballot. A copy of the Ballot is attached hereto as **Appendix A**. The question on the ballot states:

Shall the City of Taos, Missouri be authorized to sell its wastewater (sewer) utility to Missouri American Water Company for the sum of \$4,100,000 (Dollars)?

9. On January 13, 2020, prior to the City Council meeting, the City of Taos held a Town Hall meeting and discussed the sale of the wastewater system to MAWC. MAWC sent several communications to the residents educating them on the potential sale.

10. On June 2, 2020, residents of the City of Taos voted to approve the sale of the Taos system to MAWC.

11. On July 31, 2020, MAWC entered into a *Purchase Agreement* with the City of Taos. A copy of the *Purchase Agreement* is attached as **Appendix B**.

12. MAWC proposes to purchase all the Taos system utility assets under the terms and provisions of the *Purchase Agreement*. A legal description of the area sought to be certificated is attached hereto as **Appendix C**. A map of the area sought to be certificated is

attached to this Application as **Appendix D**. MAWC proposes that the area to be certificated for sewer service be described as: “The City of Taos and the surrounding area.”

13. Attached hereto and marked as **Appendix E-C** is a list of ten residents or landowners within the proposed service area. **Appendix E-C** has been identified as Confidential in accordance with Commission Rule 20 CSR 4240-2.135(2)(A)1., as it contains customer-specific information.

#### **ADDITIONAL INFORMATION**

14. Attached hereto and marked as **Appendix F-C** is a feasibility study for the Taos system for which MAWC seeks a CCN. No external financing is anticipated. **Appendix F-C** has been identified as “Confidential” in accordance with Commission Rule 20 CSR 4240-2.135(2)(A)3. and 6., as it contains market specific information and information representing strategies employed in contract negotiations.

15. MAWC will receive a franchise from the City of Taos as called for by the *Purchase Agreement*.

#### **TARIFFS/RATES**

16. MAWC proposes to provide service pursuant to the rates charged by the City of Taos and to utilize the rules governing rendering of sewer service currently found in MAWC’s sewer tariff P.S.C. MO No. 26, until such time as the rates and rules are modified according to law.

17. The City of Taos is moving its residents to a \$65.00 flat monthly sewer rate.

#### **PUBLIC INTEREST**

18. The grant of the requested CCN (and approval of the underlying transaction) is in the public interest and will result in the provision of regulated sewer service to the current and

future residents of the service area. The sewer assets of the Taos system would be acquired by MAWC, a Missouri public utility, and be subject to the jurisdiction of the Commission. MAWC has considerable expertise and experience in providing sewer utility services to residents of the State of Missouri and is fully qualified, in all respects, to own and operate the Taos system currently being operated in and around the City of Taos.

### **MOTION FOR WAIVER**

19. Commission Rule 20 CSR 4240-4.017(1) provides that “(a)ny person that intends to file a case shall file a notice with the secretary of the commission a minimum of sixty (60) days prior to filing such case.” A notice was not filed 60 days prior to the filing of this Application. As such, and to the extent required, MAWC seeks a waiver of the 60-day notice requirement.

20. Rule 20 CSR 4240-4.017(1)(D) provides that a waiver may be granted for good cause. In this regard, MAWC declares (as verified below) that it has had no communication with the Office of the Commission (as defined by Commission Rule 20 CSR 4240-4.015(10)) within the prior 150 days regarding any substantive issue likely to be in this case, other than those pleadings filed for record. Accordingly, for good cause shown, MAWC moves for a waiver of the 60-day notice requirement of Rule 20 CSR 4240-4.017(1) and acceptance of this Application at this time.

**WHEREFORE**, MAWC requests the Commission issue an order:

1. Granting MAWC permission, approval and a Certificate of Convenience and Necessity authorizing MAWC to install, acquire, build, construct, own, operate, control, manage and maintain a sewer system for the public within the area referred to herein;

2. Granting MAWC permission to acquire the sewer assets of the Taos system identified herein; and

3. Authorizing MAWC to take such actions as may be deemed necessary and appropriate to accomplish the purposes of the *Purchase Agreement* and the Application and to consummate related transactions in accordance with the *Purchase Agreement*.

Respectfully submitted,
