Tariff Tracking No. JS-2013-0410
File No. WR-2013-0436
Tariff Tracking No. JW-2013-0411

Dear Secretary:

On March 27, 2013, Rogue Creek Utilities, Inc. (the Company) submitted requests for increases in both its sewer and water operating revenues under the Missouri Public Service Commission's (Commission) small utility rate case procedure. In conjunction with the requests, the Company also submitted proposed tariff revisions to implement interim rates and special surcharges for both its sewer and water services. The above-noted file numbers and tariff tracking numbers were assigned to the Company's submissions.

Regarding the proposed tariff revisions, please note that the Company is hereby extending the proposed effective date of those revisions from April 26, 2013 to May 1, 2013. Additionally, please note that the Company will be separately submitting substitute tariff sheets for those it submitted on March 27, with those substitute sheets being consistent with the recommendation that the Staff filed in the subject files on April 15, 2013.

Please let me know if you need anything further at this time.

Sincerely,

/s/ Dale W Johansen
