

# Standard Incentives

For Ameren Missouri's Commercial & Industrial electric customers

## Cash Back Fast with Standard Incentives

Standard incentives are the quick and easy way to receive cash for your energy efficiency upgrades. Projects with all Standard measures do not require pre-approval unless the incentive is anticipated to be more than \$10,000. Projects that include even one Custom measure require pre-approval of the entire project before equipment purchase or installation. All Standard incentive applications must be submitted to the BizSavers® program within 180 days of equipment invoice date. Please refer to the Standard Program Guidelines and Terms & Conditions for full program rules. Go to [AmerenMissouri.com/BizSavers](http://AmerenMissouri.com/BizSavers) to download the incentive application and program guidelines or connect with us directly by calling toll-free 1.866.941.7299 or emailing [BizSavers@ameren.com](mailto:BizSavers@ameren.com).

## Popular Linear Fluorescent Upgrades

4 Lamp 32W T8 Fluorescent Fixture

2 x 4ft fixture with 2-15W LED Tube Lamps, 2 Bays Delamped

**\$41.16 Incentive!**

4 Lamp 40W T12 Fluorescent Fixture

2 x 4ft fixture with 2-18W LED Tube Lamps, 2 Bays Delamped

**\$59.52 Incentive!**

## Interior Lighting: Linear Fluorescent Replacements<sup>1</sup>

Existing Equipment	Efficient Equipment	Incentive
Fluorescent T5	LED lamp/kit/fixture	40¢ per watt saved
Fluorescent T8	LED lamp/kit/fixture	42¢ per watt saved
Fluorescent T12	LED lamp/kit/fixture	48¢ per watt saved

<sup>1</sup>Wattage reduced by permanently removing a lamp ("delamping") can be incentivized under these linear fluorescent measures when performed in conjunction with an upgrade of the remaining lamps within the fixture. Power must be permanently removed from lamp socket to prevent a lamp from being installed in the future.

## Interior Lighting: Incandescent and Halogen Replacements

Existing Equipment	Efficient Equipment	Incentive
A-Series ≥ 40 watts <sup>2</sup>	LED ≤20 watts	\$5.00 per lamp
Halogen MR-16, 35-50 watts	LED ≤13 watts	\$11.00 per lamp/fixture
BR/R or PAR	LED ≤14 watts BR/R	\$12.00 per lamp/fixture
	LED ≤20 watts PAR	\$15.00 per lamp/fixture

<sup>2</sup>Incandescent replacements are eligible for this incentive, however halogen equivalent wattage will be used to determine energy savings and incentive amounts.

## HID Replacements

Existing Equipment	Efficient Equipment	Incentive
Interior HID <sup>3</sup>	LED lamp/kit/fixture	44¢ per watt saved
Exterior HID Exterior/Garage 24/7 <sup>3</sup>	LED lamp/kit/fixture	46¢ per watt saved

<sup>3</sup>HID (High Intensity Discharge) Lamps include metal halide, high pressure sodium and mercury vapor-type lamps.
