Natural Gas Energy Efficiency Programs

If you are an Ameren Missouri natural gas customer, you may qualify for additional energy efficiency rebates. Visit the webpage for detailed descriptions of each rebate and eligibility requirements.

ATTACHMENT B

Missouri Home Energy Certification (MHEC)

The Missouri Home Energy Certification (MHEC) is a voluntary program that encourages Missourians to reduce energy usage by making improvements or upgrades to their homes. MHEC is intended to help homeowners convey the invested value of the energy-efficient features of their home to potential buyers.
