**Re: *Liberty Utilities (Midstates Natural Gas) Corp. d/b/a Liberty Utilities***  
***Case No. GR-2014-0152; Tariff Tracking No. \_\_\_\_\_***

Dear Mr. Woodruff:

On behalf of Liberty Utilities (Midstates Natural Gas) Corp. d/b/a Liberty Utilities' ("Liberty Utilities" or "Company"), transmitted herewith for electronic filing with the Missouri Public Service Commission ("Commission") are revised tariff sheets which set forth revised rate schedules and certain revised charges for all of Liberty Utilities' service territories in the state of Missouri. There is attached hereto and incorporated herein by reference **Exhibit No. 1**, which contains (1) a listing and designation of the tariff sheets that are being revised by this filing; and (2) the revised tariff sheets.

The charges contained in the revised tariff sheets are designed to produce an increase in the Company's base distribution rates of approximately \$7.6 million, exclusive of associated taxes, of which approximately \$1.3 million is already being recovered by the Company through its Infrastructure System Replacement Surcharge ("ISRS"), resulting in a net increase of \$6.3 million. The proposed rate increase is necessary generally to offset or reflect increases in operating costs, the construction of significant new gas service facilities, as well as return requirements on rate base. Liberty Utilities' base rates were last increased effective September 1, 2010, by virtue of Atmos Energy Corporation's previous rate case, File No. GR-2010-0192.

The increase expressed as a percentage of total residential revenues, including gas revenues, is 15.9%. After deducting the ISRS charges already being collected, the approximate incremental portion of the increase for a residential customer with average usage would be as follows: Northeast MO ("NEMO") -- \$9.05 a month; Southeast MO

February 6, 2014  
Mr. Morris L. Woodruff  
Page 2

("SEMO") -- \$6.40 a month; and Western MO ("WEMO") -- \$12.35 a month. The impact by service area can be found in the attached MFR Exhibit No. 2, Schedule 3.

Additional information regarding the proposed general rate increase and other proposed changes are also contained in the attached **MFR Exhibit No. 2**, which contains the Minimum Filing Requirements specified by 4 CSR 240-3.030(3)(B) of the Commission's Rules.

By electronic filing, Liberty Utilities is also today submitting its direct testimony, in accordance with 4 CSR 240-2.065(1) of the Commission's Rules. This testimony is provided by the following Liberty Utility witnesses: David Swain, Christopher D. Krygier, James Fallert and Robert B. Hevert.

The revised tariff sheets filed herewith contain an issue date of February 6, 2014 with a proposed effective date of March 8, 2014. A copy of this entire filing will be provided to the Commission's General Counsel and to the Office of the Public Counsel.

Would you please bring this filing to the attention of the appropriate Commission personnel and see that a copy of all correspondence, notices, orders and other communications in connection with this matter and proceeding are furnished to Christopher D. Krygier, Liberty Utilities, 2370 North High Street, Suite 1, Jackson, MO 63755, [Christopher.Krygier@LibertyUtilities.com](mailto:Christopher.Krygier@LibertyUtilities.com), as well as to the undersigned counsel.

Very truly yours,

FISCHER & DORITY, P.C.
