Re: Case No. TO-0204-0487
Kingdom Telephone Company

Dear Judge Ruth:

On July 13, 2004, I submitted a preliminary summary of my small company clients' local number portability (LNP) intercept message information in response to questions from the Bench during last week's LNP hearings. In addition, I included a .WAV file example intercept message from Kingdom Telephone Company. Based on my understanding of today's Commission agenda discussions, the Commission would like to have the .WAV file entered as an exhibit. Accordingly, please accept this letter as my request to submit the .WAV file as a late filed exhibit and my authorization for the Commission's Technical Staff to burn that file to a disk.

If you have any questions or require any further information, please call me at your earliest convenience.

Sincerely,

Brian T. McCartney
