May 1, 2012

Mr. Steven C. Reed
Secretary
Missouri Public Service Commission
200 Madison Street
Suite 100
Jefferson City, MO 65102

Dear Mr. Reed:

Attached for electronic filing are revised tariff sheets for Windstream Norlight, Inc.'s P.S.C. MO Tariff No. 3. The following tariff sheets contain the revision:

<u>Section</u>	<u>Title</u>	<u>Pages(s)</u>
5	Switched Access Rates	49

This filing is submitted in compliance with the FCC Report and Order FCC 11-61 and the *Order Establishing Procedures for Consideration of Access Rate Tariffs* issued by the Missouri Public Service Commission in File No. TT-2012-0317 on April 4, 2012.

Windstream Norlight had no access demand in fiscal year 2011 in Missouri. Accordingly, the Company's proposed switched access rates in this filing simply mirror its interstate access rates, as contained in the Cinergy Communications Company FCC Tariff No. 1. This interstate tariff is filed with the Federal Communications Commission and available at <https://apps.fcc.gov/etfs/public>. Because the Company did not calculate the proposed switched access rates included in this filing, no supporting information was developed. This filing is dated to become effective on July 1, 2012.

If there are any questions, please call me at (501) 748-6856.

Enclosures

Sincerely,

/s/ Chris Cranford
