**ORDER CLOSING CASE**

Issue Date: May 22, 2007

Effective Date: May 22, 2007

In its verified application, which was filed on March 29, 2007, Startec Global Operating Company (“Operating Company”) sought the Commission’s *post hoc* approval of its recent merger with Startec Global Licensing Company (“Licensing Company”), as well as of the resulting transfer of Licensing Company’s Missouri long distance customer base and associated customer account information to Operating Company. Operating Company also requested that the Commission waive its anti-slamming rule (4 CSR 240-33.150), and asked that Licensing Company’s existing certificate of service authority to provide interexchange telecommunications services in Missouri, as well as the associated tariff, be cancelled.

By order dated May 3, 2007 and effective May 16, 2007, the Commission granted Operating Company all the relief it requested, subject to certain terms and conditions recommended by Staff and accepted by Operating Company, including the issuance of customer notice and the payment of a \$100 penalty by no later than May 26, 2007. The

Commission further ordered Operating Company or Staff to file a pleading in this case when the notice had been issued and the payment had been received.

On May 21, 2007, Operating Company filed its Notice of Compliance, which indicates that it has timely met all of the abovementioned terms and conditions and that Staff concurs in this assessment. As nothing remains for the Commission to determine, this case will be closed.

**IT IS ORDERED THAT:**

1. This case shall be closed on the effective date of this order.
2. This order shall become effective on May 22, 2007.
