OF THE STATE OF MISSOURI**

In the Matter of the Application of TCG St. Louis to)
Expand Its Certificate of Basic Local Exchange)
Telecommunications Service Authority)
File No. CO-2013-0023

STAFF RECOMMENDATION

COMES NOW the Staff of the Missouri Public Service Commission and for its recommendation, states as follows:

1. On January 25, 2010, TCG St. Louis (“the Company”) filed its Application in this case. On September 11, 2012, the Commission issued an Order Granting Certificate to Provide Basic Local Telecommunications Services.

2. In that Order, the Commission required the Company to file tariffs prior to offering service in those new exchanges, based on the Staff’s notation in its Memorandum that the Company had not filed tariffs with its application.

3. In its Staff Recommendation, due to an oversight on Staff Counsel’s part, the Recommendation failed to include the following language: No tariffs were submitted with the application; the Company relies on §392.461 RSMo and will publish its rates, terms and conditions of service on its publically available web site.

4. Staff Counsel apologizes for the omission of this language and any inconvenience it may cause, and asks that the Order be modified accordingly.

WHEREFORE, Staff requests that the Commission modify its Order to reflect that the Company need not file tariffs prior to providing telecommunications services in the new exchanges.

Respectfully submitted,

Colleen M. Dale
