RE: Docket EM-2007-0374

Dear Ms. Dale:

This letter is in response to a letter sent to Chairman Davis on or about May 20, 2008, from Mr. Joseph T. Kelliher, Chairman of the Federal Energy Regulatory Commission (FERC) regarding Aquila's responses to various surveys. Aquila received confirmation on May 28 from Christopher Perdue, a FERC survey contractor, that FERC-727 Demand Response, FERC-728 Advanced Metering, and the General Information surveys were filed with the FERC.

Thank you for notifying us of this matter.

Sincerely,

Renee Parsons
