Report and Order FCC 11-161)
File No. TT-2012-0317

ORDER DIRECTING NOTICE AND ESTABLISHING TIME TO RESPOND

Issue Date: March 23, 2012

Effective Date: March 23, 2012

On March 23, 2012, the Staff of the Commission filed a motion asking the Commission to establish several parameters for the filing by local exchange carriers of tariff revisions to implement transitional intrastate access service changes required to comply with a recent order issued by the Federal Communications Commission. Staff asks the Commission to issue an order establishing those parameters no later than April 1, so the Commission will need to address these matters at its March 28, agenda meeting.

The Commission would like to have input from the affected local exchange carriers when considering Staff's motion. To that end, the Commission will direct that affected local exchange carriers be notified of Staff's filing and will offer those carriers an opportunity to respond.

THE COMMISSION ORDERS THAT:

1. The Commission's data center shall send a copy of this order to all competitive local exchange carriers (CLECs) and to all incumbent local exchange carriers (ILECs) doing business in Missouri.

2. Any CLEC, ILEC, or other party wishing to respond to Staff's motion shall do so no later than 8:00 a.m. on March 28, 2012.

3. This order shall become effective immediately upon issuance.

BY THE COMMISSION
