**RE: The Empire District Electric Company (“Empire”)
General Rate Case Filing – Case No. ER-2021-0312**

Dear Judge Woodruff:

On May 28, 2021, Empire submitted direct testimony and revised rate schedules, which have since been suspended by the Commission. Following its initial general rate case submission, Empire discovered an error in its proposed Large Power Time-of-Use pilot (Schedule LPT). In particular, changes are necessary to the proposed PSC Mo No. 6, Section 2, Original Sheet No. 4b to properly define Billing Demand to be applicable only to the on-peak time period. I am submitting herewith, in electronic form, a substitute tariff sheet to correct this error. A redline version is also being provided for reference.

Please do not hesitate to contact me with any questions or concerns regarding this substitute tariff submission, and please bring this filing to the attention of the Commissioners and the appropriate Commission personnel.

Sincerely,

Diana Carter
