

Susan L. Sundermeyer
NOTARY PUBLIC

Memorandum

To: Official Case File
Case No. IO-2008-0092

From: John Van Eschen 
Telecommunications Department

Date: November 13, 2007

Subject: Second Revised Schedule C

Attached to this memorandum is a second revised Schedule C replacing the revised Schedule C filed on October 29, 2007. Granite Telecommunications of Missouri, LLC and the company's corresponding line counts have been removed from Schedule C. Granite Telecommunications of Missouri, LLC was inappropriately included in this schedule. The company solely provides local voice services to business customers on a pure resale basis. The revision does not impact Schedule B or my ultimate recommendation. I maintain my recommendation for the Commission to make a finding competitive conditions continue to exist in Embarq's competitively classified exchanges.

Attachment:

Second Revised Schedule C (CLEC line information for Embarq's residential competitively classified exchanges)

Embarq Residential Competitive Exchanges
Comparison of Line Information

Exchange (Competitive Status became effective on Date)	CLEC	Lines ¹

Lake Lotawana (07/28/06)	Comcast IP Phone, LLC	** **	** **	** ** ²
	CLEC Totals	** **	** **	** **

¹ CLEC information combines CLEC lines served on a full-facility basis (lines where the CLEC or its affiliate owns the switch and the lines), partial-facility basis (lines where the CLEC or its affiliate owns either the switch or the lines), and other-resale basis (lines where the CLEC leases facilities from the ILEC at a negotiated or arbitrated rate or an arrangement purchased via a commercial agreement). CLECs solely providing prepaid service or lines served through a pure resale arrangement are not included in this table. Information is from a company's Annual Report for that year with the exception of Comcast IP Phone, LLC, which has not submitted an Annual Report. Comcast IP Phone, LLC's line data is from an affidavit submitted by a company official.

² Line count includes facilities-based (full- and/or partial-facilities) lines, and may include other resale lines. Line counts without this footnote are entirely other resale.

³ Although 2006 Annual Reports do not show any competing carriers providing local voice service in the Lebanon exchange, competitive status was only recently granted effective August 30, 2007 in Case No. TO-2008-0028, based on a signed affidavit from Fidelity Communications Services I, Inc., which verified that the carrier is providing local voice service to two or more residential customers within this exchange using facilities it owns in whole or in part.
