August 6, 2009

Missouri Gas Utility, Inc. is required to file tariff sheets to show the additional territory to be added to its new Southern System, which serves the towns of Green Ridge, Cole Camp, Lincoln and Warsaw. This additional territory was necessary to accommodate a route change for the main line to avoid a section of US Hwy 65 that will be expanded to four lanes over the next several years. The addition of this territory was approved in Docket No. GA-2009-0422.

In reviewing the MGU tariff, this addition of the southern system required a revision of only two sheets:

Current Tariff Sheet	New Tariff Sheet	Concerning
Original Sheet No. 3A	First Revised Sheet No. 3A	Map
Original Sheet No. 4A	First Revised Sheet No. 4A	Legal Description

In addition to these substantive changes, in reviewing the tariff sheets filed in Docket GA-2009-0264, MGU has discovered that the Revision number on Sheet 11 was incorrect. The filed Sheet 11 was marked as First Revised, replacing Original. It should have been Second Revised, replacing First Revised. None of the remaining portion of Sheet 11 is in error. MGU would like to make this correction:

Current Tariff Sheet	New Tariff Sheet	Concerning
First Revised Sheet No. 11	Second Revised Sheet No. 11	GS Class

With these additions and the correction, MGU believes that the tariff sheets pertaining to its Southern System are now complete and correct.

Sincerely,

A handwritten signature in blue ink, appearing to read "Tim Johnston", is positioned above the typed name.

Tim Johnston, P.E.
Executive Vice President
Missouri Gas Utility, Inc.
