INTERRUPTIBLE RATE WATER SERVICE*

APPLICABILITY: Throughout the territory served under this Rider.

AVAILABILITY: This Rider is available to any current metered customer that:

1. Agrees to contract for service for a minimum of fifteen (15) years.
2. Agrees to a minimum take or pay annual revenue level of no less than \$500,000.
3. The Customer must provide proof that it has a viable alternative supply or a combination of supply and storage sufficient to cover an interruption of service.
4. The Customer and the Company must agree on service provisioning issues such as point of delivery, pressure, metering, interruption, etc.
5. The Customer must agree to pay for any additional equipment or facilities which may be required to provide service.
6. If an existing Customer chooses to convert its service to an interruptible service, such conversion will take place only upon the effective date of the Company's next general rate proceeding where the revenue impact associated with such conversion can be taken into consideration, with all other relevant factors, in determining the Company's cost of service in that district.

RATE:

Monthly Minimum Meter Charges

The Monthly Minimum Meter Charges under this rate schedule will be the same as those set forth on the Schedule of Rates Applicable to the District for the Rate Class.

Consumption Charges

The consumption charge shall not exceed the maximum rate nor be less than the minimum rate. The maximum rate for water shall be the charges specified in the Company's rate schedule for the last (i.e., "tail") block rate for the rate class of service and shall be charged for all amounts of water taken up to the minimum take or pay annual revenue level. The minimum rate shall be the fully loaded production cost of water under average load conditions and shall be charged for all amounts of water taken above the minimum take or pay annual revenue level. For purposes of this tariff, the term "fully loaded production cost" shall include all operating expenses, taxes, and capital costs (i.e. return and depreciation) related to the production of water.

Filing with the Missouri Public Service Commission/Confidentiality: Contract agreements entered into between the Company and qualifying customers under this rider shall be filed with the Commission on a confidential basis within ten (10) days of their execution and shall not be subject to disclosure except by Petition made to and granted by the Commission.

BILLING:

Billing for water service under this tariff will be governed by the same billing conditions set forth under the Company's existing General Water Service Classification.

MISSOURI-AMERICAN WATER COMPANY
FOR
ST. LOUIS COUNTY, MISSOURI

RATE I – Infrastructure System Replacement Surcharge (ISRS)*

DESCRIPTION: Rate I is designed to recover the costs associated with the Company's eligible main, valve and hydrant replacements, main relocations, and main cleaning and relining projects. This ISRS rate is calculated and implemented in accordance with the provisions of sections 393.1000 to 393.1006 RSMO. Any future changes to this rate will also be made in accordance with those provisions.

APPLICABILITY: This rate is applicable to any customer class who benefits from the subject utility plant projects eligible for ISRS recovery. The surcharge is calculated consistent with the customer class cost-of-service study recognized by the Missouri Commission in the Company's most recent applicable general rate proceeding.

RATE COMPONENTS:

In addition to the other charges provided for in the Company's tariffs, a separate charge for the ISRS will apply for service rendered on and after the effective date.
