SECTION 7.0 - NETWORK SWITCHED SERVICES, (CONT'D)**7.2 Service Descriptions and Rates (Cont'd)****7.2.3 ISDN PRI (Cont'd)****B. CSV/CSD Transport**

The following rate elements provide for digital CSV/CSD transport through central office switching equipment and are in lieu of the local exchange access rates. These rate elements cover local exchange access usage only. the local loop is included in the rates for the digital services provided elsewhere in this tariff. These CSV/CSD local service transport options are offered only in conjunction with services provided under this tariff and are not available on a stand-alone basis. Each CSV/CSD transport rate element shall constitute a local exchange access arrangement and is offered with identical local usage options and calling scopes as defined in this tariff, unless otherwise specifically noted herein.

CSV/CSD Transport, per B Channel:

	<u>Monthly Recurring</u>

SECTION 7.0 - NETWORK SWITCHED SERVICES, (CONT'D)

7.2 Service Descriptions and Rates (Cont'd)

7.2.5 DID Services

A. General

DID Service provides the Customer with Direct Inward Dialing on designated voice-grade communications channels. DID Service is to be used in connection with the Customer's Private Branch Exchange (PBX) system. Dialed digits are transmitted for all incoming calls thereby allowing the Customer's PBX system to route incoming calls directly to individual stations by Customer-assigned DID telephone number. Each trunk provisioned for DID Service is automatically configured into a Hunting Arrangement. Charges for blocks of telephone numbers assigned pursuant to the North America Numbering Plan.

B. Recurring and Nonrecurring Charges

Charges are in addition to Local Trunk services as described within this tariff. Additional nonrecurring charges may apply as described within this tariff.

	<u>Monthly Recurring</u>	<u>Non-Recurring Installation Charge</u>	<u>Service & Equipment Charge</u>
DID Trunk Termination	\$ 47.10	\$138.00	\$5.50
First 100 DID Numbers (or any fraction thereof)	\$ 23.50	\$165.00	\$5.50
Additional 100 Numbers (or any fraction thereof)	\$ 23.50	\$165.00	\$5.50
First 10 DID Numbers (or any fraction thereof)	\$ 5.00	\$165.00	\$5.50
Additional 10 Numbers (or any fraction thereof)	\$ 5.00	\$ 10.00	\$5.50
Removal of DID Number from block		\$ 10.00	\$5.50

Issued: January 21, 2000

Effective: March 6, 2000

SECTION 7.0 - NETWORK SWITCHED SERVICES, (CONT'D)

7.2 Service Descriptions and Rates (Cont'd)

7.2.6 Central Office, Line And Trunk Features

A. General

The features in this Section are made available on an individual basis or as part of multiple feature packages. All features are provided subject to availability; features may not be available with all classes of service. Transmission levels may not be sufficient in all cases. Central Office Calling Features are optional features of central office services furnished to individual line end users. The Company may furnish Central Office Calling Features where there is available central office equipment with the proper program updates as determined by the Company. Central Office Calling Features are only provided for basic access line services. The Customer will be billed a charge for each change made to features or a group of features included in the Customer's service.

B. Description of Line and/or Trunk Features

The following features are for end user lines:

Call Forwarding Busy Line – This feature automatically reroutes an incoming call to a Customer predesignated number when the called number is busy.

Call Forwarding Busy Line/Don't Answer – This feature automatically reroutes an incoming call to a Customer predesignated number when the called number is busy or when the called number does not answer within the number of rings programmed by the Company.

Call Forwarding Don't Answer - This feature automatically reroutes an incoming call to a Customer predesignated number when the called number does not answer within the number of rings programmed by the Company.

SECTION 7.0 - NETWORK SWITCHED SERVICES, (CONT'D)

7.2 Service Descriptions and Rates (Cont'd)

7.2.6 Central Office, Line And Trunk Features (Cont'd)

B. Description of Line and/or Trunk Features (Cont'd)

Call Forwarding Variable - Call Forwarding, when activated, redirects attempted terminating calls to another Customer-specific line. The Customer may have to activate and deactivate the forwarding function and specify the desired terminating telephone number during each activation procedure. Call originating ability is not affected by Call Forwarding.

The calling party is billed for the call to the called number. If the forwarded leg of the call is chargeable, the Customer with the Call Forwarding is billed for the forwarded leg of the call.

Simultaneous Call Forwarding - Provides the Customer that also subscribes to an appropriate call forwarding service with the ability to forward multiple incoming calls simultaneously to another telephone number designated by the Customer. Toll charges may apply on forwarded calls.

Call Trace - Allows a Customer to trace the most recent incoming call by dialing a code to automatically request that the Company record a caller's originating telephone number and the date and time of the call as well as the date and time the Customer initiated trace. The information is disclosed only to a law enforcement agency for investigation and case preparation purposes.

Call Waiting/Cancel Call Waiting - Call Waiting provides a tone signal to indicate to a Customer already engaged in a telephone call that a second caller is attempting to dial in. It will also permit the Customer to place the first call on hold, answer the second call and then alternate between both callers. Cancel Call Waiting (CCW) allows a Call Waiting (CW) Customer to disable CW for the duration of an outgoing telephone call. CCW is activated (i.e., CW is disabled) by dialing a special code prior to placing a call, and is automatically deactivated when the Customer disconnects from the call.

SECTION 7.0 - NETWORK SWITCHED SERVICES, (CONT'D)

7.2 Service Descriptions and Rates (Cont'd)

7.2.6 Central Office, Line And Trunk Features (Cont'd)

B. Description of Line and/or Trunk Features (Cont'd)

Caller ID - Allows the subscriber to view the listed telephone number from which the incoming call is dialed before the call is answered. The calling number is displayed on a Customer provided compatible device attached to the Customer's telephone line.

Caller ID Name - Allows the subscriber to view the listed name from which the incoming call is dialed before the call is answered. The calling name is displayed on a Customer provided compatible device attached to the Customer's telephone line.

Caller ID Name and Number - Allows subscriber to view listed name associated with the telephone number before the phone is answered. The calling number and name are displayed on a Customer provided compatible display device attached to the Customer's telephone line.

Anonymous Call Rejection - Allows a Customer to redirect incoming calls for which calling name and number display has been suppressed through the use of Per-Call Blocking or All-Call Blocking, to an announcement indicating that the Customer is not presently accepting such calls. The Customer may activate and deactivate the feature by dialing a code.

Remote Access to Call Forwarding - This feature combines call forwarding with remote access capability. In addition to the current call forwarding feature-access method, the Remote Access Call Forwarding feature provides Customers access from any tone-type address signaling capable telephone. The Customer dials a remote access directory number and then is guided by voice messages to enter their home or office telephone number equipped with the Remote Access Call Forwarding feature, a Personal Identification Number (PIN) and a feature code.

Direct Connection (Hot Line) - Direct Connection (Hot Line) service is an automatic dialing feature, which provides the customer the ability to establish a predetermined number when the customer's telephone goes off-hook. No dialing is required and the call is processed automatically to the predetermined number. Calls cannot be traced and 911 service is not accessible. (N)

SECTION 7.0 - NETWORK SWITCHED SERVICES, (CONT'D)

7.2 Service Descriptions and Rates (Cont'd)

7.2.6 Central Office, Line And Trunk Features (Cont'd)

B. Description of Line and/or Trunk Features (Cont'd)

Repeat Call - This Automatic Redial feature allows a Customer to automatically redial the last number dialed. This is accomplished by the Customer activating a code. The network periodically tests the busy/free status of the called line for up to 30 minutes until both lines are found free and then redials the call for the Customer.

Repeat Call feature also allows Customers, having reached a busy number, to dial a code before hanging up. Repeat Dialing feature then continues to try the busy number for up to 30 minutes until it becomes free. Once the busy line is free the call is automatically redialed and the Customer is notified of the connected call via a distinctive ring.

The following types of calls cannot be accessed with Repeat Call:

- Calls preceded by an interexchange carrier access code
- Calls to 900 and 976 Service numbers
- Calls to 911
- Calls to Directory Assistance
- Calls to toll free 8XX Service numbers
- International Direct Distance Dialed calls

Return Call - Allows the subscriber to automatically redial the number of the last incoming call whether answered or not.

Caller ID Per-Call Blocking (PCB) - This blocking option will allow callers to block the passage of their telephone numbers and/or names on outgoing calls by dialing a special code, prior to making each call.

Caller ID Per-Line Blocking (PLB) - Caller ID Per-Line Blocking will allow callers to automatically prevent the display of their telephone numbers and/or names on a permanent basis unless the service is deactivated, on a per call basis, by dialing a special code. Only available to domestic violence and federal, state, and local law enforcement agencies.

SECTION 7.0 - NETWORK SWITCHED SERVICES, (CONT'D)

7.2 Service Descriptions and Rates (Cont'd)

7.2.6 Central Office, Line And Trunk Features (Cont'd)

B. Description of Line and/or Trunk Features (Cont'd)

Special Ring - This feature allows a Customer to have up to three (3) separate telephone numbers assigned to one local exchange line. Each telephone number will provide a distinctive ring on incoming calls to allow for identification of the incoming call. A distinctive call waiting tone for each telephone number will be provided, where facilities permit, to Customers also subscribing to call waiting.

Speed Dial 30 - Allows placing calls to thirty (30) other phone numbers by dialing a one or two digit code rather than the complete phone number.

Speed Dial 8 - Allows placing calls to eight (8) other phone numbers by dialing a one or two digit code rather than the complete phone number.

Three Way Calling/Call Hold - The Three Way Calling feature allows a Customer to add a third party to an existing two-way call and form a 3-way call. The call must have been originated from outside the station group and terminate to a station within the station group. The Call Hold feature allows a Customer to put any in-progress call on hold by flashing the switchhook and dialing a code. This frees the line to allow the Customer to make an outgoing call to another number. Only one call per line can be on hold at a time. The third party cannot be added to the original call.

Call Transfer Disconnect - Allows business Customers to add another line to an established call creating a three-way call. The Call Transfer Disconnect subscriber may disconnect from the three-way call and allow the other two parties to continue talking.

Hunting - Line hunting which is provided subject to the availability of suitable central office facilities is an arrangement that groups together two or more main telephone exchange lines or trunks from the same central office so that incoming calls are automatically switched from the initial line, if in use, to the first non-busy line.

Touch-Tone Service - Provides for the origination of calls by means of instruments equipped for tone-type address signaling and special central office facilities. Touch-Tone Service is provided at no charge.

SECTION 7.0 - NETWORK SWITCHED SERVICES, (CONT'D)

7.2 Service Descriptions and Rates (Cont'd)

7.2.6 Central Office, Line And Trunk Features (Cont'd)

C. Rates, per line	Monthly (First)	Monthly (Add'l)	Nonrecurring ³	
Caller ID Number	\$8.50	\$8.50	\$14.50	
Caller ID Name	\$8.50	\$8.50	\$14.50

Rotary	N/C	N/C	N/C	
Circular	\$0.85	\$0.85	\$3.25	(N)
Preferential	\$2.80	\$0.85	\$3.25	
Direct Connection (Hot Line) ⁵	\$10.00		\$50.00	

When a single feature is ordered, the "first" monthly rate applies. When multiple features are ordered, one "first" monthly rate applies and the "add'l" monthly rate applies to the remaining services according to the ordering sequence.

The additional monthly rates specified above are not applicable when ordered with the following services:

	Monthly	Nonrecurring ³
Call Forwarding Busy Line	\$3.00	\$14.50
Call Forwarding Don't Answer	\$3.00	\$14.50
Call Forwarding Busy Line/Don't Answer	\$4.00	\$14.50
Special Ring		
One Dependent DN	\$6.00	\$14.50
Two Dependent DNs		
First Dependent DN	\$6.00	\$14.50
Second Dependent DN	\$2.00	\$14.50
Simultaneous Call Forwarding ⁴	\$4.35	\$14.50
Call Transfer Disconnect	N/C	\$14.50
Anonymous Call Rejection	\$2.00	\$14.50

Call Trace

Per Successful Activation
\$6.00

¹Applies in addition to Call Forwarding Variable.

² Available on a per use basis for non-subscribers: Three Way Calling - \$0.75 per activation, \$6.00 monthly cap; Return Call and Repeat Call - \$0.54 per activation, \$4.32 monthly cap.

³Maximum non-recurring charge per line is \$14.50 except when Simultaneous Call Forwarding is established.

⁴Installation and move charge of \$12.00 also applies in addition to non-recurring charge. Nonrecurring charge applies in addition to nonrecurring charge for other custom calling features.

⁵A service and equipment non-recurring charge of \$5.00 applies.

mol0002

SECTION 7.0 - NETWORK SWITCHED SERVICES, (CONT'D)

7.2 Service Descriptions and Rates (Cont'd)

7.2.6 Central Office, Line And Trunk Features (Cont'd)

D. Caller ID Provisions

This feature enables the customer to view on a display unit the Calling Party Directory Name and/or Number (CPN) on incoming telephone calls.

When a Caller ID is activated on a customer's line, the CPN of incoming calls are displayed at the called CPE during the first, long silent interval of the ringing cycle.

Per line blocking for the blocking of CPN will be available upon request, at no charge, to the following entities for lines over which the official business of the agency is conducted, including those at the residences of employees/volunteers, where an executive officer of the agency registers a need for blocking and provides the required certification to the Company: a) private, nonprofit, tax exempt, domestic violence intervention agencies and b) federal, state, and local law enforcement agencies. The CPN will not be transmitted from a line equipped with this capability. Per line blocking is operational on a continuous basis but can be deactivated by the customer by dialing an access code immediately prior to placing a call. Line blocking customers can unblock their CPN information on a per call basis, at no charge, by dialing an access code (*82 on their touch tone pad or 1182 from a rotary phone) immediately prior to placing a call.

A customer may prevent the delivery of their calling name and/or number to the called party by dialing an access code (*67 on their touch tone pad or 1167 from a rotary phone) immediately prior to placing a call. The access code will activate per call blocking, which is available at no charge. If the calling party activates blocking, the CPN will not be transmitted across the line to the called party. Instead, Calling Line Identification customers will receive an anonymous indicator. This anonymous indicator notifies the Caller ID customer that the calling party has elected to block the delivery of their name and telephone number. The blocking of CPN will not be provided on calls originating from Customer Owned Pay Telephones. If the Caller ID customer also subscribes to Anonymous Call Rejection, the calling party will be routed to a telephone company recording advising the caller that the called party will not accept calls whose CPN has been blocked.

Any customer subscribing to Caller ID will be responsible for the provision of a display device which will be located on the customer's premises. The installation, repair, and technical capability of that equipment to function in conjunction with the feature specified herein will be the responsibility of the customer. The Company assumes no liability and will be held harmless for any incompatibility of this equipment to perform satisfactorily with the network features described herein.

Issued: January 21, 2000

Effective: March 6, 2000

Robert W. McCausland
Vice President, Regulatory and Interconnection
1950 Stemmons Freeway, Suite 3026
Dallas, Texas 75207-3118

SECTION 7.0 - NETWORK SWITCHED SERVICES, (CONT'D)

7.2 Service Descriptions and Rates (Cont'd)

7.2.6 Central Office, Line And Trunk Features (Cont'd)

D. Caller ID Provisions (Cont'd)

Telephone CPN information transmitted via Caller ID is intended solely for the use of the Caller ID subscriber. Resale of this information is prohibited by this tariff. CPN will not be displayed if the called party is off-hook or if the called party answers during the first ring interval. CPN will be displayed for calls made from another central office only if it is linked by appropriate facilities. Caller ID is not available on operator handled calls.

SECTION 7.0 - NETWORK SWITCHED SERVICES, (CONT'D)

7.2 Service Descriptions and Rates (Cont'd)

7.2.7 Remote Call Forwarding

Remote Call Forwarding (RCF) is a local exchange telecommunications service feature whereby all calls dialed to a telephone number equipped for RCF are automatically forwarded to another dialable exchange or 8XX Service telephone number. The calling party pays only the applicable charges to call the number equipped with an RCF feature, while the RCF Customer pays the applicable charges for the forwarded portion of the call.

Remote Call Forwarding service is offered subject to availability of suitable facilities. Remote Call Forwarding service is not offered where the terminating station is a coin telephone. The Company will not provide identification of the originating telephone number to the RCF Customer.

Transmission characteristics may vary depending on the distance and routing necessary to complete the remotely forwarded call. Therefore, the normal grade end-to-end transmission is not guaranteed on such calls. Remote Call Forwarding service is not represented as suitable for satisfactory transmission of data.

One directory listing in the Alphabetical Directory is provided without charge. Each Remote Call Forwarding feature allows for forwarding one call at a given time. An additional path is necessary for each additional call to be forwarded simultaneously.

Remote Call Forwarding service will only be provided when, in the judgment of the Company, the Customer subscribes to sufficient RCF features and facilities at the terminating location to adequately handle calls without interfering with or impairing any services offered by the Company.

SECTION 8.0 - SPECIAL ARRANGEMENTS

8.1 Promotions

The Company may from time to time engage in special promotional offerings designed to attract new customers or to promote existing services. Such promotional service offerings shall be subject to specific dates, times and/or locations, and shall be subject to prior notification and approval by the Commission.

8.2 Individual Case Basis Pricing

Rates for Private Lines and Centrex services will be determined on an Individual Case Basis (ICB). ICB rates will be made available to customers in a non-discriminatory manner. Terms of specific ICB contracts will be made available to the Missouri Public Service Commission Staff upon request on a proprietary basis.

LOCAL EXCHANGE SERVICES TARIFF

P.S.C.MO. NO. 2

ORIGINAL PAGE NO. 6

TARIFF FORMAT

A. Sheet Numbering - Sheet numbers appear in the upper right corner of the page. Sheets are numbered sequentially. However, new sheets are occasionally added to the tariff. When a new sheet is added between sheets already in effect, a decimal is added. For example, a new sheet added between sheets 14 and 15 would be 14.1.

B. Sheet Revision Numbers - Revision numbers also appear in the upper right corner of each page. These numbers are used to determine the most current sheet version on file with the PSCM. For example, the 4th revised Sheet 14 cancels the 3rd revised Sheet 14. Consult the Check Sheet for the sheet currently in effect.

C. Paragraph Numbering Sequence - There are nine levels of paragraph coding. Each level of coding is subservient to the next higher level:

- 2.
- 2.1
- 2.1.1
- 2.1.1.A.
- 2.I.I.A.I.
- 2.1.1.A.1.(a)
- 2.1.1.A.1.(a).I.
- 2.1.1.A.1.(a).I.(i).
- 2.1.1.A.1.(a).I.(i).(1).

D. Check Sheets - When a tariff filing is made with the PSCM, an updated Check Sheet accompanies the tariff filing. The Check Sheet lists the sheets contained in the tariff, with a cross reference to the current revision number. When new pages are added, the Check Sheet is changed to reflect the revision. All revisions made in a given filing are designated by an asterisk (*). There will be no other symbols used on this page if these are the only changes made to it (i.e., the format, etc. remain the same, just revised revision levels on some pages.) The tariff user should refer to the latest Check Sheet to find out if a particular sheet is the most current on file with the PSCM.

**Missouri Public
Service Commission**

SECTION 1 - TECHNICAL TERMS AND ABBREVIATIONS

Access Line - An arrangement which connects the customer's location to a switching center or point of presence.

Authorized User - A person, firm, corporation, or any other entity authorized by the Customer to communicate utilizing the Company's service.

Carrier or Company - Whenever used in this tariff, "Carrier," "Company," or "Intermedia" refers to Intermedia Communications Inc. unless otherwise specified or clearly indicated by the context.

Channel - A physical or logical pathway for the transmission of information between a sending point and a receiving point.

Commission - Missouri Public Service Commission.

Customer - The person, firm, corporation, or other entity which orders, cancels, amends, or uses service and is responsible for payment of charges and compliance with the Company's tariff.

Exchange Access Line - The serving central office line equipment and all Company plant facilities up to and including the Company-provided Standard Network Interface. These facilities are Company-provided and maintained and provide access to and from the telecommunications network for message toll service and for local calling appropriate to the tariffed use offering selected by the Customer. Exchange access lines are subject to non-recurring charges, as specified in Section 4 of this tariff.

ILEC - The incumbent Local Exchange Carrier.

Intermedia - Used throughout this tariff to mean Intermedia Communications Inc. unless clearly indicated (T) otherwise by the text.

LEC - Local Exchange Company

LOCAL EXCHANGE SERVICES TARIFF

ORIGINAL PAGE NO. 9

SECTION 1 - TECHNICAL TERMS AND ABBREVIATIONS, CONT.

Local Exchange Services - Telecommunications services furnished for use by end-users in placing and receiving local telephone calls within local calling areas.

PSCM - Public Service Commission of Missouri.

Person-to-Person Calling - An operator-assisted service whereby the person originating the call specifies a particular person to be reached, or a particular station, room number, department, or office to be reached through a PBX attendant. Charges may be billed to the called party, a third number, a credit card, a calling card or designated third party station.

Resold Local Exchange Service - A service composed of the resale of exchange access lines and local calling provided by other authorized Local Exchange Carriers, in combination with Company-provided usage services, miscellaneous services or interstate/international services.

Station-to-Station Calling - A service whereby the originating End User requests the assistance of a Company operator to place or bill the call. Calls billed Collect or to a telephone company-issued Calling Card or to an authorized Credit Card are Operator-Station calls unless the call is placed on a Person-to-Person basis. Automated Calling Card calls are not Operator-Station calls. Calls may be dialed with or without the assistance of a Company operator. Collect calls to coin telephones and transfers of charges to third telephones which are coin telephones will not be accepted.

REGULATORY SERVICE DIV.

INTERMEDIA COMMUNICATIONS INC.

P.S.C. MO. NO. 2

LOCAL EXCHANGE SERVICES TARIFF

ORIGINAL PAGE NO. 10

SECTION 2 - RULES AND REGULATIONS

2.1 Undertaking of Intermedia Communications Inc.

Intermedia's services offered pursuant to this Tariff are furnished for Local Exchange Service among **specified points** within a Local Calling Area. Intermedia may offer these services over its own or resold facilities.

Intermedia installs, operates, and maintains the communications services provided hereinunder in accordance with the terms and conditions set forth under this tariff. Intermedia may act as the Customer's agent for ordering access connection facilities provided by other carriers or entities as required in the Commission's rules and orders, when authorized by the Customer, to allow connection of a Customer's location to the Intermedia network. The Customer shall be responsible for all charges due for such service arrangement.

The Company's services and facilities are provided on a monthly basis unless otherwise indicated, and are available twenty-four hours per day, seven days per week.

Applications for initial or additional service made verbally or in writing become a contract upon the establishment of the service or facility.

2.2 Limitations

2.2.1 Service is offered subject to the availability of the necessary facilities and equipment, and subject to the provisions of this tariff.

2.2.2 Intermedia reserves the right to discontinue or limit service when necessitated by conditions beyond its control, or when the Customer is using service in violation of the law.

SECTION 2 - RULES AND REGULATIONS

2.2 Limitations, cont.

- 2.2.3 The Company does not undertake to set or control messages, but offers the use of its facilities when available, and will not be liable for errors in transmission or for failure to establish connections.
- 2.2.4 All facilities provided under this tariff are directly controlled by Intermedia and the Customer may not transfer or assign the use of service or facilities without the express written consent of the Company. Such transfer or assignment shall only apply where there is no interruption of the use or location of the service or facilities.
- 2.2.5 Prior written permission from the Company is required before any assignment or transfer. All regulations and conditions contained in this tariff shall apply to all such permitted assignees or transferees, as well as all conditions of service.

2.3 Use

Services provided under this tariff may be used for any lawful purpose for which the service is technically suited.

2.4 Liabilities of the Company

- 2.4.1 Intermedia's liability for damages arising out of mistakes, interruptions, omissions, delays, errors, or defects in transmission which occur in the course of furnishing service or facilities, in no event shall exceed an amount equivalent to the proportionate charge to the Customer for the period during which the faults in transmission occur.

2.4 Liabilities of Company, cont.

ISSUED

- 2.4.5 The Company shall not be liable for any damages of or damages to the premises of a Customer resulting from the furnishing of service which is not the direct result of the Company's negligence.

2.5 Deposits

- 2.5.1 The Company does not normally collect deposits from Customers. However, deposits may be required from Customers whose credit history is unacceptable or unavailable. Deposits are collected in accordance with the rules of the Commission. On deposits held thirty (30) days or more, simple interest at the rate of nine percent (9%) per annum shall be credited annually to the account of the subscriber or paid upon the return of the deposit, whichever occurs first. Interest will not accrue on any deposit after the date on which a reasonable effort has been made to return it to the subscriber.

2.6 Advance Payments

Recurring Charges: For Customers from whom the Company feels an advance payment is necessary, Intermedia reserves the right to collect an amount not to exceed one (1) month's estimated charges as an advance payment for service. This will be applied against the next month's charges.

2.6 Advance Payments, cont.

Non-Recurring Charges: Intermedia reserves the right to require pre-payment of non-recurring charges in such amount as may be deemed necessary by the Company. In addition, where special construction is involved, advance payment of the quoted construction charges may be required at the time of application for service.

2.7 Taxes

All state and local taxes (including but not limited to franchise fees, excise tax, sales tax, municipal utilities tax) are listed as separate line items and are not included in the quoted rates.

2.8 Equipment

2.8.1 The Company's facilities and service may be used with or terminated in Customer-provided terminal equipment or Customer-provided communications systems, such as a PBX, key systems or Pay Telephone. Such terminal equipment shall be furnished and maintained at the expense of the Customer, except as otherwise provided. The Customer is responsible for all costs at his or her premises, including personnel, wiring, electrical power, and the like, incurred in the use of the Company's service. The Customer is responsible for ensuring that customer-provided equipment connected to Company equipment and facilities is compatible with such equipment and facilities.

- 2.8.2 The Company shall use reasonable efforts to maintain facilities and equipment that it furnishes to the Customer. The Customer may not, nor may the Customer permit others, to disconnect, rearrange, remove, attempt to repair or otherwise interfere with any of the facilities or equipment installed by the Company, except upon the written consent of the Company.
- 2.8.3 Equipment the Company provides or installs at the Customer premises for use in connection with services the Company offers shall not be used for any purpose other than that for which the Company provided it.
- 2.8.4 The Customer shall be responsible for payment of service charges, as set forth herein, for visits by the Company's agents or employees to the premises of the Customer when the service difficulty or trouble report results from the use of equipment or facilities provided by any party other than the Company, including but not limited to the Customer.
- 2.8.5 The Company shall not be responsible for the installation, operation or maintenance of any customer-provided equipment. Where such equipment is connected to the facilities furnished pursuant to this tariff, the responsibility of the Company shall be limited to the furnishing of facilities offered under this tariff and to the maintenance and operation of such facilities. Subject to this responsibility, the Company shall not be responsible for the transmission of signals by customer-provided equipment or for the quality of, or defects in, such transmission; or the reception of signals by customer-provided equipment.

2.8 Equipment, cont.

2.8.6 Upon reasonable notification to the Customer, and at a reasonable time, the Company may make such tests and inspections as may be necessary to determine that the customer is complying with the requirements set forth in the section for the installation, operation and maintenance of customer-provided facilities, equipment and wiring in the connection of such facilities and equipment to Company-provided facilities and equipment.

2.8.7 Title to all facilities provided by the Company under this tariff shall remain in the Company's name or in the name of the carrier supplying the services and facilities being resold.

2.9 Installation

Service is installed upon mutual agreement between the Customer and the Company. The service agreement does not alter rates specified in this tariff.

2.10 Payment for Service

The Customer is responsible for payment of all charges for services and equipment furnished to the Customer or to an Authorized User of the Customer by Intermedia. All charges due by the Customer are payable to the Company or to any agency duly authorized to receive such payments. Terms of payment shall be according to the rules and regulations of the agency and subject to the rules of regulatory agencies, such as the Missouri Public Service Commission.

2.10 Payment for Service, cont.

Intermedia billing invoices will be ~~considered~~ correct and binding upon the Customer if no written notice or telephone call is received from the Customer within thirty (30) days of the date of the invoice. Adjustments to Customer's bills shall be made to the extent circumstances exist which reasonably indicate that such changes are appropriate.

Upon receipt of a billing inquiry, charges involved in the disputed element(s) of the invoice will be temporarily suspended pending resolution of the dispute. The Customer, however, remains responsible for the timely payment of the non-disputed elements of the invoice.

If a Customer is not satisfied with the Company's response to an inquiry or request for credit, he or she may appeal to the Missouri Public Service Commission for final resolution.

2.11 Billing and Payment Procedures (facilities based and resale)

- 2.11.1 Intermedia issues residential bills on a monthly basis with bills received by the customer on or about the same day each month.
- 2.11.2 Intermedia will not alter the residential billing cycle unless affected customers are sent a bill insert or other written notice explaining the alteration not less than 30 days prior to the effective date of the alteration. Such notification is not required when a customer requests a number or billing change or when the customer disconnects and reconnects service or transfers service from one premises to another.

Any special interface equipment or facilities necessary to achieve compatibility between these entities is the responsibility of the Customer. Neither the Company nor any connecting carrier participating in a service shall be liable for any act or omission of any other company or companies furnishing a portion of such service.

2.15 Refusal or Discontinuance by Company

2.15.1 Service may be discontinued for any of the following reasons:

2.15.1.A Nonpayment of an undisputed delinquent charge;

2.15.1.B Failure to post a required deposit or guarantee;

2.15.1.C Unauthorized use of telephone utility equipment in a manner which creates an unsafe condition or creates the possibility of damage or destruction to such equipment;

2.15.1.D Failure to substantially comply with terms of a settlement agreement;

2.15.1.E Neglect or refusal to provide reasonable access to Intermedia or its agents for the purpose of inspection and maintenance of equipment owned by Intermedia or its agents;

2.15.1.F Material misrepresentation of identity in obtaining telephone utility service;

2.15.4 Notwithstanding any other provisions of the Commission's rules, service to a customer may be discontinued at any time after written notice has been sent, certified mail, to such customer at his/her last known address and at the address where the service to be discontinued is provided if such customer:

(A) Incurs charges not covered by a deposit or guarantee and evidences an intent not to pay such charges when due; or

(B) Damages or evidences an intent to damage telephone utility equipment.

2.15.5 The notice required by Section 2.14.4 shall state how a customer has evidenced an intent not to pay charges when due or evidenced an intent to damage telephone utility equipment.

2.15.6 Whenever service is discontinued for fraudulent use of service, Intermedia may, before restoring service, require the Customer to make, at his or her own expense, all changes in facilities or equipment necessary to eliminate illegal use and to pay an amount reasonably estimated as the loss in revenues resulting from such fraudulent use.

2.15.7 Service may be discontinued without notice by reason of any order or decision of a court or other government authority having jurisdiction which prohibits Company from furnishing such services.

2.17 Inspection, Testing, and Adjustment

MISSOURI
Public Service Commission

Upon reasonable notice, the facilities provided by the Company shall be made available to the Company for tests and adjustments as may be deemed necessary by the Company for maintenance. No interruption allowance will be granted for the time during which such tests and adjustments are made.

2.18 Tests, Pilots, Promotional Campaigns and Contests

The Company may conduct special tests or pilot programs and promotions at its discretion to demonstrate the ease of use, quality of service and to promote the sale of its services. The Company may also waive a portion or all processing fees or installation fees for winners of contests and other occasional promotional events sponsored or endorsed by the Company. From time to time, the Company may waive all processing fees for a Customer. The Company will obtain commission approval regarding specific promotions and contests.

2.19 Interruption of Service

Credit allowances for interruptions of service which are caused due to the Company's testing or adjusting, to the negligence of the Customer, or to the failure of channels, equipment or communications systems provided by the Customer, are subject to the general liability provisions set forth in Section 2.4 herein. It shall be the obligation of the Customer to notify Company immediately of any interruption in service for which a credit allowance is desired by Customer. Before giving such notice, Customer shall ascertain that the trouble is not within his or her control, or is not in wiring or equipment, if any, furnished by Customer and connected to Company's terminal.

2.20 Cost of Collection and Repair

The Customer is responsible for any and all costs incurred in the collection of past due monies due the Carrier including legal and accounting expenses incurred by the Company's use of collection agencies or use of legal action. Customer is also responsible for recovery costs of Carrier-provided equipment and any expenses required for repair or replacement of damaged equipment.

2.21 Returned Check Charges

There may be a charge for each check returned for insufficient funds.

2.22 Service Implementation

Absent a promotional offering, service implementation charges per service order will apply to new service order or to orders to change existing service for the business services listed in Section 3.

2.23 Reconnection Charge

ASSOCIATION

A reconnection fee will be charged when service is re-established for customers who have been disconnected for non-payment, and is payable at the time that the restoration of suspended service and facilities is arranged.

2.24 Operator Services

- 2.24.1 Intermedia will not bill for incomplete calls where answer supervision is available. Intermedia will not bill for incomplete calls and will remove any charges for incomplete calls upon (a) subscriber notification or (b) Intermedia's knowledge.
- 2.24.2 The caller and billed party, if different from the caller, will be advised that Intermedia is the operator service provider at the time of the initial contact.
- 2.24.3 Rate quotes will be given upon request, at no charge, including all rate components and any additional charges.
- 2.24.4 Only tariffed rates approved by this Commission for Intermedia shall appear on any local exchange telephone company (LEC) billings.
- 2.24.5 Intermedia shall be listed on the LEC billing if the LEC has multi-company billing ability.
- 2.24.6 Intermedia will employ reasonable calling card verification procedures, acceptable to the telephone company issuing the calling card.
- 2.24.7 Intermedia will route all 0- or 00- emergency calls in the quickest possible manner to the appropriate local emergency service provider, at no charge.

2.26 Access to Carrier of Choice

ASSOCIATION

End users of the Company's local service shall have the right to select the interexchange telecommunications service provider (IC) of their choice. The IC should request confirmations/verifications of choice from its customers no later than the date of submission of its first bill to the customer. ICS should maintain signed letters of agency or confirmations of choice on file for use in dispute resolution.

2.27 Directory Listings

2.27.1 The Company does not publish a directory of subscriber listings. The Company, however, does arrange for the Customer's main billing number to be placed in the directory or directories of the dominant local exchange carrier.

2.27.2 The rates and regulations specified herein for directory listings apply only to the alphabetical section of the directory. Listings are intended solely for the purpose of identifying subscriber's telephone number and as an aid to the use of telephone service.

2.27.3 The listings of subscribers, either without charge or at the rate specified within this tariff for other listings are arranged alphabetically and are not intended for special prominence of arrangement. In accepting listings as requested by subscribers or prospective subscribers, the Company will not be a party to controversies between subscribers as a result of the publication of such listings in the directories.

2.27 Directory Listings, cont.

MISSOURI

- 2.27.4 Listings must conform to the Company's specifications with respect to the directories. The Company reserves the right to reject listings when in, its sole judgment, such listings would violate the integrity of company records and the directories, confuse individuals using the directory, or when the customer cannot provide satisfactory evidence that he is authorized to do business as requested.
- 2.27.5 The Company reserves the right to limit the length of any listing to one line in the directory by use of abbreviations when, in its sole judgment, the clearness of the listing and the identification of the subscriber is not impaired.
- 2.27.6 Generally, the listed address is the location of the subscriber's place of business or residence.
- 2.27.7 Liability of the Company due to directory errors and omissions is as specified in Section 2 of this tariff.
- 2.27.8 Generally, a business listing consists of a name or dual name, a designation descriptive of the subscriber's business if not self-explanatory, the address, and the business telephone number. The main listing is ordinarily the name of the individual, firm or corporation which contracts for the service or the name under which a business is regularly conducted.

2.28 Special Construction

MISSOURI

Public Service Commission

Subject to the agreement of the Company and to all other regulations contained in this tariff, special construction of facilities may be undertaken on a reasonable efforts basis at the request of the Customer. Special construction is construction undertaken:

- A) where facilities are not presently available, and there is no other requirement for the facilities so constructed;
- B) of a type other than that which the Company would "normally" utilize in the furnishing of its services;
- C) over a route other than that which the Company would normally utilize in the furnishing of its services;
- D) in a quantity greater than that which the Company would normally construct;
- E) on an expedited basis;
- F) on a temporary basis until permanent facilities are available;
- G) involving abnormal costs; or
- H) in advance of its normal construction.

2.29 Universal Emergency Telephone Number Service (911, E911)

- 2.29.1 The Company is obligated to supply the E-911 service provider in the Company's service area (the E-911 service provider) with information necessary to update the E-911 database at the time the Company submits customer orders to the local exchange company whose service is being resold pursuant to these tariffs.
- 2.29.2 At the time the Company provides local basic service to a customer by means of its own cable pair, or over any other exclusively owned facility, the Company will be obligated to make the necessary equipment or facility additions in the 911 service provider's equipment in order to properly update the database for 911. The Company will be obligated to provide facilities to route calls from the end users to the proper PSAP. The Company recognizes the authority of the E-911 customer to establish service specifications and grant final approval or denial of service configurations offered by the Company.
- 2.29.3 The Company will collect 911 surcharges and remit all surcharge revenue to the appropriate governmental entity on a monthly basis pursuant to RSMO 190.310.
- 2.29.4 The 911 calling party, by dialing 911, waives the privacy afforded by non-listed and non-published service to the extent that the telephone number, name, and address associated with the originating station location are furnished to the Public Safety Answering Point.

2.30.1 Rights and Responsibilities of Missouri Residential Telephone Customer

Missouri Public Service Commission

This information is provided in accordance with the rules of the Missouri Public Service Commission and explains your rights and responsibilities as a residential telephone customer. This information will be delivered to the customer.

2.30.2 Your Telephone Bill

You will receive a telephone bill from us each month. Intermedia Communications Inc. provides basic local and long distance services. Intermedia does not normally require deposits, although deposits may be required from customers whose credit history is unacceptable or unavailable. Intermedia reserves the right to collect advance payments for recurring and non-recurring charges. Payment in full is due within 21 days of the date of the bill. If Intermedia does not receive your payment within 21 days, your service is subject to suspension or disconnection. When paying by mail, be sure to allow enough time for your payment to reach Intermedia by the due date.

2.30.3 Payment Arrangements

Payment must be sent to Intermedia or made to one of our Agent locations. Payment for service may be by credit card or check, or may be paid in cash at an authorized Agent location. Returned checks are subject to a charge of \$20 or 5% of the amount of the check, whichever is greater. If you are temporarily having difficulty paying your telephone bill, please call Intermedia immediately at 800-940-0011. By doing this, you may avoid having your phone service suspended or disconnected.

Public Service Commission

Your telephone service is subject to ~~disconnection~~ or suspension-for any of the reasons listed below. If service is disconnected, a new telephone number will be assigned and you will be required to pay installation charges again. If service is suspended, your telephone number is reserved for 10 days and you will not be charged installation charges again.

- 1) Nonpayment of an undisputed delinquent account. Your service will not be discontinued for nonpayment of a delinquent charge until five days after a charge has become delinquent. Additionally, Intermedia will make reasonable efforts to contact you at least 24 hours in advance prior to disconnecting your service.
- 2) Unauthorized use of telephone utility equipment in manner which creates an unsafe condition or creates the possibility of damage or destruction to such equipment.
- 3) Refusal after reasonable notice to permit inspection, maintenance, or replacement of telephone utility equipment.
- 4) Misrepresentation of the identity in obtaining telephone utility service.

3.1.1 Intermedia Facilities-Based Services

Intermedia will sell services for business customers provided by its own facilities, including (T) PBX, ISDN Primary Rate Interface, Business Line, Key System Line, and Central Office Trunk services, as well as certain optional trunk-side and line-side business features.

3.1.1.A Single T Private Branch Exchange Service

PBX trunks are used to connect a PBX to the Intermedia Switched Network. A standard configuration includes Local Central Office Trunks and one of the following dialing capabilities: Direct Inward Dialing (DID), Direct Outward Dialing (DOD) or Combination Trunks (DID and DOD = DIOD). Intermedia Single T PBX trunks are provided over a T-1 circuit which holds up to twenty-four (24) individual PBX trunks.

Pricing for Single T PBX trunks consists of two components; a base monthly charge; plus a charge per trunk, up to twenty-four (24) trunks per T-1. Single T PBX trunks incur a non-recurring set-up charge and require a 1 year minimum contract.

Each Single T PBX trunk includes the following features: one (1) directory number per trunk, number reservation for future growth, one (1) directory listing per trunk and hunting. Unless otherwise stated, hunting is a chargeable feature for other Intermedia offerings. For an additional charge, the customer has private listing or additional listings options. DID numbers are available in blocks of twenty (20) for an additional charge. (T)

SECTION 3 - DESCRIPTION OF SERVICE, CONT.

3.1 Product Descriptions Generally, cont.

**Missouri Public
Service Commission**

3.1.1 Intermedia Facilities-Based Services, cont.

REC'D SEP 13 1999 (T)

3.1.1.B ISDN Primary Rate Interface (PRI) Service

(N) (M)

ISDN Primary Rate Interface (PRI) Service is a flat-rated, local ISDN/PRI or non-ISDN T-1 connection service. PRI Service provides one-way inbound ISDN/PRI T-1 or one-way non-ISDN T-1 connections to Intermedia's switching platform. As provided by Intermedia, ISDN/PRI T-1 connections allow both analog and 56/64kbps digital inbound calls to be received by customers. Non-ISDN T-1 connections only allow analog calls to be received.

PRI is a transport technology available to customers with the capability of terminating a PRI into their Customer Premises Equipment (CPE). PRI compatible equipment may include PBX's, Hybrid KEY Systems, Automatic Call Distributors (ACD), Routers, Data/Voice Gateways and other types of equipment.

PRI Service is provided in a minimum arrangement of 23 bearer channels and one signaling channel (23B+D) when provisioned over ISDN/PRI T-1 connections or 24 DS0 channels when provisioned over non-ISDN T-1 connections.

If ISDN/PRI trunk group sizes greater than 23B+D channels are required, the PRI Service Non-Facility Associated Signaling (NFAS) arrangement must be ordered.

PRI Service is available through three types of arrangements:

(M)

- Collocated PRI -- the Customer's premises is collocated with the Company's switch.

Collocated PRI Service is terminated on a network demarcation block, installed in a customer's collocated cabinet. The customer's collocated cabinet must be in an Intermedia switch (e.g., DMS 500) collocation space.

Collocated PRI Service does not include any optical fiber, Digital Cross-connect System (DCS) or channel multiplexing electronics that may be additionally required by the customer to terminate this service at other than a DS1 termination interface.

(N)

Missouri Public
Service Commission

3.1 Product Descriptions Generally, cont.

3.1.1 Intermedia Facilities-Based Services, cont..

REC'D SEP 13 1999(N)

3.1.1.B ISDN Primary Rate Interface (PRI) Service, cont.

On-Net PRI -- the Customer's premises is within a building served by the Company's facilities.

On-Net PRI Service is provisioned over Intermedia optical fiber T-1 connections. These T-1 (DS1 termination interface) connections are terminated in the customer's business location in a building served by the Company's facilities.

On-Net PRI Service does not include any optical fiber, Digital Cross-connect System (DCS) and or channel multiplexing electronics that may be additionally required by the customer to terminate this service at other than a DS1 termination interface (such as DS3 or higher).

- Off-Net PRI -- the Customer's premises is within Intermedia's serving area, but is not collocated with the Company's switch or within a building served by the Company's facilities'. Service is provided via extended T1's using Intermedia and/or ILEC facilities.

Off-Net PRI Service does not include any optical fiber, Digital Cross connect System (DCS) and or channel multiplexing electronics that maybe additionally required by the customer to terminate this service at other than a DS1 termination interface (such as DS3 or higher).

1. Optional Arrangements

a. Virtual FX PRI Service

Virtual FX PRI Service provides the capability to allow one-way inbound calls from Intermedia Local Calling Areas that are outside of the customer's home calling area, but served by the same Company switch. I

The customer must subscribe to PRI Service. Virtual FX PRI Service rates apply to each group of 24 channels in the trunk group arrangement. For the purpose of rate application, all arrangements, whether 23B+D or 24B, are considered to have 24 DS0 channels.

REC'D SEP 13 1999 (N)

3.1.1.B ISDN Primary Rate Interface (PRI) Service, cont.

1. Optional Arrangements (Cont'd)

b. PRI Network Access NFAS Arrangement

Non-Facility Associated Signaling (NFAS) is an arrangement where a single D channel controls more than the 23B channels in the basic 23B+D arrangement of an ISDN/PRI T1.

NFAS allows a single D channel to control up to 385 B channels. The additional ISDN/PRI T1's are configured without D channels in a 24 B channel arrangement.

To prevent a failure of ISDN/PRI T1's, a second D channel is assigned to one other ISDN/PRI T1. This second D channel is called the "backup" D channel and will take over if the primary ISDN/PRI T1 (23B+D) fails.

ISDN/PRI T1 D channel backup capability is included with the NFAS arrangement.

C. Dial Line Service

The Dial Line is a "Plain Old Telephone Service" (POTS) line without any features. The Dial Line is only provided where the customer's premises is collocated with the Company's switch.

REC'D SEP 13 1999 (N)

3.1.1.B ISDN Primary Rate Interface (PRI) Service, cont.

2. Local Calling Areas

When the customer purchases PRI Service services from Intermedia, the customer must designate one of the Intermedia local calling areas as the customer's "home calling area." The Intermedia local calling areas match existing ILEC local calling areas.

When the customer is not collocated with the Company's switch, the customer's service address dictates the relevant home calling area.

When the customer collocates with a Company switch location, the customer may choose which of the local calling areas served by the Company switch will be the customer's home calling area.

The customer may only designate one local calling area as the home calling area from among the local calling areas served by the Company switch. All other local calling areas served by that switch will be considered Virtual FX calling areas with respect to the customer's designated home calling area. A Virtual FX charge applies to each PRI Service provided to the customer in a Virtual FX calling area. A Virtual FX calling area is any local calling area which, although served by the same Company switch, is not the customer's designated home calling area.

3. Rate Regulations

a. PRI Service Term

PM Service is offered on a minimum 12-month term only. Should service be discontinued in less than 12 months after installation, termination charges shall apply. A service terminated during the first 12 months will be charged at the monthly rate multiplied by the number of months left on the 12-month term.

b. Discounts

Volume discounts are available on installation and service provided herein. The volume level is determined by the total numbers of PRI's provided to the customer by the Company.

3.1.1.E Unified Voice Services

Unified Voice Services are offered only in conjunction with Intermedia's long distance services. Unified Voice Service arrangements consisting of fewer than eight (8) lines or trunks, or combination thereof, per customer location are not available. Feature Packages A and B, as well as individual features, identified herein are available with Unified Voice Services.

1. Business Line Service

Business Line Service is a two-wire, two-way, analog telephone service that uses loop start signaling. Each line is assigned a unique directory number. This service can be used for single lines, multiple line service, key system lines, fax lines, or modem lines.

2. CO Trunk Service

CO Trunk Service is a two-wire, two-way, analog telephone service that uses loop start or ground start signaling. CO Trunks are used to connect the line side of the Intermedia switch to the customer's PBX, Key System, or other compatible equipment. Each trunk is assigned a unique directory number.

¹ Lines and trunks may be combined to satisfy the 8 line/trunk requirement provided that the Customer's CPE can accommodate delivery of the line and trunk combination via a single high capacity facility.

1. Feature Descriptions

PRODUCT	DESCRIPTION
Custom Calling Features	Listed separately below:
Call Waiting*	Provides a signal to let customer know when someone is trying to reach the line the customer is currently using,
Cancel Call Waiting*	Allows a customer to prevent, on a per-call basis, any incoming calls from sending call-waiting signals to his/her line. Incoming calls to the line are given normal busy treatment.
Call Forwarding	Provides the customer with the ability to reroute calls to any valid telephone number (except international numbers). The costs of the forwarded call are passed on to the customer only if the call is answered. A call can also be forwarded to a selected telephone number when the customer's line is busy or unanswered.
Call Forwarding - Busy Line	When the customer's line is busy, this service automatically routes incoming calls to Voice Mail Service or to another number, including a long distance number.
Call Forwarding - Don't Answer	Automatically routes an unanswered call after a specified number of rings. The customer specifies the number of rings when the service is ordered,
Call Forwarding - Remote Access	Permits the "Call Forwarding-Universal" customer to activate, change, or deactivate call forwarding service from any touch tone telephone.
Ring Again (Automatic Callback)	Allows the customer encountering a busy signal to be notified when the called number becomes idle, and to be placed automatically in ring-again

*Available only as part of a feature package.

PRODUCT

DESCRIPTION

Blind Transfer Recall*

Enables the customer to transfer a call to another party without waiting for that party to answer. If the other party does not answer the transferred call within a specific time-out period, the line or trunk from which the call was transferred rings back the customer.

Call Park*

Allows the customer to park a call against his/her directory number. The parked call can be retrieved from any of the customer's lines or trunks by first requesting the Call Park Retrieve and then dialing the number of the telephone number against which the call was parked.

Call Hold*

Allows the customer to place one call on hold for any length of time.

Three Way Conference*

Gives the customer the ability to connect a third person to a conversation at any time, regardless of which party initiated the call.

Call Transfer

Enables the customer to exit a three-way call, leaving the other two parties in conversation.

Last Number Redial*

Enables the customer to redial his/her last called number.

Calling Name & Number Delivery

Stores and transmits the incoming name and telephone number after the first ring for display in a customer provided display device.

Calling Number Delivery

Stores and transmits an incoming telephone number after the first ring to a customer-provided display device. (Can either be displayed on an attachment to the customer's telephone set or a Caller ID telephone.) Also stores numbers of incoming calls, with dates.

*Available only as part of a feature package.

PRODUCT	DESCRIPTION
Calling Number Delivery Blocking	Selective Blocking - allows the customer to block transmission of the originating telephone number on any outgoing call before dialing a number. Per Line Blocking - blocks transmission of the originating telephone number on any outgoing call. See Section 3.21 herein for detailed description and availability.
Distinctive Ring*	Allows the customer to assign different ring cadences for calls from within the customer group to distinguish them from those from outside the group.
Speed Calling (10 or 30 numbers)	Provides the ability to program most frequently called numbers for one- or two-digit dialing.
Station Controlled Conference Call	Allows the customer to establish a conference call consisting of up to six participants without the assistance of an attendant.
Toll Denial/Restrictions	Toll-restricted lines or trunks are either denied access to long distance or are assigned toll-diversion which routes the caller to an 'attendant' position.

*Available only as part of a feature package.

Tampa, Florida 33619-1309

SECTION 3 - DESCRIPTION OF SERVICE, CONT.

3.2 Caller ID Language

Line blocking for the delivery of the calling name and/or number is available upon request, at no charge, to the following entities and their employees/volunteers, for lines over which the official business of the agency is conducted including those at the residence of employees/volunteers, where an executive officer of the agency registers with the telephone company a need for blocking: (a) private, nonprofit, tax-exempt, domestic violence intervention agencies and (b) federal, state and local law enforcement agencies. Line blocking customers can unblock their calling name and/or number information on a per call basis, at no charge, by dialing an access code (*82 on their Touch-Tone pad or 1182 from a rotary phone) immediately prior to placing a call.

A customer may prevent the delivery of their calling name and/or number to the called party by dialing an access code (*67 on their Touch-Tone pad or 1167 from a rotary telephone) immediately prior to placing a call. The access code will activate per call blocking, which is available at no charge. If the calling party activates blocking, the name and/or number will not be transmitted across the line to the called party. Instead, Caller ID customers will receive an anonymous indicator. This anonymous indicator notifies the Caller ID customer that the calling party has elected to block the delivery of their name and telephone.

The Company shall not be liable for any claims for damages caused or claimed to have been caused, directly, by the transmission to a Caller ID customer of a name or telephone number which the calling party of the Caller ID customer finds erroneous, offensive, embarrassing, or misleading for any reason, including but not limited to the way in which the calling party's name has been abbreviated.

Telephone CPN information transmitted via Caller ID is intended solely for the use of the Caller ID subscriber. Resale of this information is prohibited by this tariff.

33 Local Service Areas

REC'D DEC 22 1999

Intermedia Communications Inc. provides local exchange and basic local exchange telecommunications service in the following exchanges currently served by Southwestern Bell Telephone. The geographic area in which service is to be offered follows the exchange boundaries and is no smaller than an exchange. Intermedia concurs in Southwestern Bell's local calling scopes that apply to the specified exchanges.

3.3.1 Reserved for Future Use] (T)

3.3.2 The St. Louis Metropolitan Exchange and the exchanges in following zones: (T)

Zone 1	Zone 2	Zone 3	Zone 4
Ferguson	Bridgeton	Manchester	Harvester
Ladue	Creve Coeur	Chesterfield	
Mehlville	Flonssant	St. Charles	
Overland	Kirkwood	Fenton	
RiverView	Oakville	Valley Park	
Sappington	Spanish Lake		
Webster Groves			

3.3.3 Optional Metropolitan Calling Area (MCA) Service (T)

3.3.3.A Service Description (N)

1. Metropolitan Calling Area (MCA) Service is available in St. Louis MCA.
2. In selected exchanges, MCA service is an optional service which provides the subscriber with an optional local calling area which includes the respective Metropolitan Exchange and certain customers in other exchanges where MCA service is also available, as described in the section below.
3. In each MCA, exchanges and Metropolitan Exchange Zones are grouped into different MCA rate classifications. In the St. Louis MCA, exchanges where Optional MCA Service is available are classified as MCA-3, MCA-4, or MCA-5. (N)

3.3.3.D Regulations

1. Unless otherwise specified in these regulations, MCA is offered to all classes and grades of business customers located in an MCA exchange. MCA service is also available in conjunction with Foreign Exchange Service in an MCA exchange.
2. In situations where multiple access lines share the same working telephone number, if one such line subscribes to MCA service, then all lines must subscribe to MCA service.
3. In situations where a hunting arrangement between access lines is provided by the Telephone Company, no MCA line may be configured to hunt to a non-MCA line.
4. Rate Application
 - a. The MCA monthly rates specified herein, apply on a per-line basis.
 - b. Optional MCA rates and charges apply in addition to all other rates and charges paid by the customer for other services of the Telephone Company.

SECTION 3 - DESCRIPTION OF SERVICE, CONT. A.

REC'D SEP 13 1999

3.4 Directory Listings

For each Customer of Intermedia's Exchange Access Service(s), the Company shall arrange for the (T) listing of the Customer's main billing telephone number in the directory(ies) published by the dominant Local Exchange Carrier in the area at no additional charge. At a Customer's option, the Company will arrange for additional listings. See Section 4.3.4.C for the rates for additional directory listings.

3.5 Operator-Assisted Services

Operator-assisted services are provided to Business and Residential Customers on a presubscribed basis. Services are also provided to Customers and Users of exchange access lines which are presubscribed to the Company's interexchange outbound calling services. Various billing arrangements are available with Intermedia's operator-assisted service including Calling Card, Commercial Credit (T) Cart Collect, Person-to-Person and Third Party. Charges apply as stated in Section 4, as well as per call operator charges.

SECTION 3 - DESCRIPTION OF SERVICE **Missouri Public
Service Commission**

3.5 Operator-Assisted Services, cont.

REC'D SEP 13 1999

3.5.1 Operator Dialed Surcharge

This surcharge applies to Operator Station and Person-to-Person rated calls when the Customer has the capability of dialing all the digits necessary to complete a call, but elects to dial only the appropriate operator code and requests the operator to dial the called station. The surcharge does not apply to:

- 1) calls where a Customer cannot otherwise dial the call due to defective equipment or trouble on the Intermedia network and (T)
- 2) Calls in which a Company operator places a call for a calling party who is identified as being handicapped and unable to dial the call because of his/her handicap.

The Operator Dialed Surcharge applies in addition to any other applicable operator charges.

3.5.2 Busy Line Verify and Line Interrupt Service

Upon request of a calling party, the Company will verify a busy condition on a called line. The operator will determine whether the line is clear or in use and report its status to the calling party. The operator will interrupt the call on the called line only if the calling party indicates an emergency and requests interruption.

A charge will apply when:

1. The operator verifies that the line is busy with a call in progress;

3.5.2 Busy Line Verify and Line Interrupt Service, cont.

2. The operator verifies that the line is available for incoming calls; or
3. The operator verifies that the called number is busy with a call in progress and the customer requests interruption. The operator will then interrupt the call, advising the called party of the name of the calling party. One charge will apply for both verification and interruption.

No charge will apply when:

1. The calling party advises that the call is to or from an official public emergency agency; or
2. Under conditions other than the three stated above.

Busy Verification and Interrupt service is furnished where and to the extent that facilities permit. The Customer shall indemnify and hold the Company harmless against all claims that may arise from either party to the interrupted call or any person.

3.6 Directory Assistance

Customers and users of the Company's business and residential calling services (excluding Toll Free services) may obtain directory assistance in determining telephone numbers within the state by calling the Directory Assistance operator.

Public Service Commis.

A credit will be given for calls to Directory Assistance when:

1. The Customer experiences poor transmission or is cut-off during the call,
2. The Customer is given an incorrect telephone number, or
3. The Customer inadvertently misdials an incorrect Directory Assistance NPA.

To receive a credit, the customer must notify the Company operator or Business Office of the problem experienced.

Exemptions

1. Residential Customers are exempt from Directory Assistance charges.
2. The single-line main telephone exchange line of a handicapped user, as defined by the Federal Register, Vol. 35 #126, which has been registered with the Company will be exempt from Directory Assistance charges.
3. Directory Assistance attempts to telephone numbers which are non-listed or non-listed and non-published are exempt from being charged a Directory Assistance charge (see Section 4.3.4), and shall not be included in the ten call allowance.
