REC'D SEP 13 1999^(T)

43.1 Resold Exchange Access Lines

The Company concurs in the rules and regulations applying to and governing Basic Local Exchange telephone service (hereinafter referred to as Exchange Access Lines service) as set forth in the Southwestern Bell Telephone Company Local Exchange and General Exchange tariffs on file with and approved by the Public Service Commission of the State of Missouri, and in any amendments thereto as authorized by the Missouri Public Service Commission or applicable law. The Company does not concur in the rates and specific footnotes of Southwestern Bell Telephone Company for Exchange Access Line telephone services. Rates and specific footnotes for these services are set out in the following pages of this concurrence.

The Company reserves the right to cancel and make void the above concurrence statement, subject to requirements as may be ordered by the Missouri Public Service Commission, at any and such time as it appears that such cancellation is in the best interest of the Company and/or its customers.

Frame Relay Supplementary Charges apply for Customer-initiated administrative or design changes. The charges identified below apply in lieu of the Supplementary Charges identified in Section 4.6 herein. In addition to the charges assessed by the Company, any charges assessed to the Company by other providers (i.e., ILEC) in connection with the Customer-initiated change will be passed through to the Customer.

1. Administrative Change

Administrative Changes are record changes only and do not impact the design or jeopardize the order due date.

Per Order **\$25.00**

2. Design Change

Design Changes are changes on an order in progress that impact the design or due date.

In order to process the Design Change as a change rather than as a cancellation and new order, the request must be received within 14 days of receipt and acceptance of the order, and prior to the in-service date.

SECTION 5 - SPECIAL SERVICE ARRANGEMENTS

1997

5.1 Individual Case Basis Arrangements

Rates for Dedicated Access and Private Line services will be determined on an Individual Case Basis (ICB). ICB rates will be structured to recover the Company's cost of providing the services and will be made available to customers in a non-discriminatory manner. Terms of the specific ICB contracts will be made available to the Missouri Public Service Commission upon a request on a proprietary basis.

5.2 Customer Requested Service Suspensions

At the request of the customer the Company will suspend incoming and outgoing service on the customer's access line for a period of time not to exceed one year. The equipment is left in place and directory listings are continued during the suspension period without change. At the customer's request the Company will, for 30 days, provide the customer with an intercept recording referring callers to another number. This service is available to customers at no charge.

The Company will assess a lower monthly rate for Customer Requested Service Suspension as noted below. However, any mileage charges, monthly cable charges or monthly construction charges are still due, without reduction during the period of suspension.

Period of Suspension Charge

First Month or Partial Month Regular Monthly Rate (no reduction)

Each Add'l. Month (one year limit) 1/2 Regular Monthly Rate

SECTION 6 - INTERIM NUMBER PORTABILITY SERVICE

1997

6.1 Number Portability

SEC 21

Interim Number Portability Service applies to an interconnection arrangement between the Company and the Connecting Company. This service enables the Connecting Company to provide basic local exchange service within the State of Missouri to a given customer(s) that wish to retain their telephone number(s), assigned by the Company. The Connecting Company may choose from two options:

A. Direct Inward Dial

Direct Inward Dial (DID) option for number portability is a service which permits incoming dialed calls to a telephone number, assigned to the Company, to be forwarded to a Connecting Company end office over Direct Inward Dial (DID) facilities. The Company will deliver the called number to the Connecting Company via the Connecting Company-provided trunk for call completion.

B. Remote Call Forwarding

Remote Call Forwarding (RCF) option for number portability is a service which permits incoming dialed calls to a telephone number, assigned to the Company, to be forwarded to a Connecting Company end office, utilizing a call forwarding of the Company's end office switch.

6.1.1 Rules and Regulations

6.1.1.A Number Portability and facilities will only be provided, where technically feasible, subject to the availability of facilities and may only be furnished from properly equipped central offices. Number Portability services and facilities are not offered for the Company's Coin Telephone service.

6.1.1.B When the exchange service offering(s) associated with Number Portability services are provisioned using remote switch(es), Number Portability service is available from host central offices.

6.2.2 The Connecting Company is solely responsible to obtain authorization from the end-user for the handling of the disconnection of the end-user's service with the Company, the provision of service by the Connecting Company and the provision of Number Portability services. Should a dispute or discrepancy arise regarding the authority of the Connecting Company to act on behalf of the end-user, the Connecting Company is responsible for providing written evidence of its authority.

6.2.3 The Connecting Company is responsible for coordinating the provisioning of the service with the Company to assure that its switch is capable of accepting Number Portability ported traffic.

6.2.4 The Connecting Company is solely responsible to provide equipment and facilities that are compatible with the Company's service parameters, interfaces, equipment and facilities. The Connecting Company is required to provide sufficient terminating facilities and services at the terminating end of a Number Portability call to adequately handle all traffic to that location and is solely responsible to ensure that its facilities, equipment and services do not interfere with or impair any facility, equipment or service of the Company or any of its end-users.

7.1 Primary Rate Interface Service

REC'D SEP 13 1999 (M)

Primary Rate Interface (PRI) is an ISDN based end-to-end digital circuit that provides 23 64Kbps B and 1 64Kbps D channel over a T1 at a transmission speed of 1.472Mbps.

Customers purchase PRI in a 23B+D channel configuration for a fixed monthly fee. Additional costs are incurred for DID numbers, additional listings, and non-published numbers. A onetime set-up fee also applies. A one year contract is required and service is subject to additional charges in areas without Intermedia facilities.

PRI Service is available under two distinct pricing plans, with the appropriate plan determined by the Company based on the Customer's usage profile. The plan designated as "PRI-Data" is generally used to provide access to the internet or other services where call holding times typically exceed the average holding time for voice calls of three to five minutes. Generally these are calls (connections) made to information or information access providers where there are very long holding times or connections are made on a permanent basis. All other Customers will be priced under the plan designated as "Single T PRI-Basic," found in Section 3.1.1.G. (T)

PRI-Data Services area specific set of services which provide one way inbound call types of Data, Voice, & 3.1 KC connectivity between Intermedia's DMS-500 and the Customer's premises. PRI-Data Services are provided as 23B (or greater)+D arrangements only. Outbound calling arrangements may not be available in all serving areas. (T)

Various non-regulated services are offered with Intermedia's PRI service. These services may involve additional charges. (T)

Monthly Recurring	(SWB Areas)
PRI-Data	\$500

Nonrecurring	
Installation	12 month term \$500
(per PRI)	24 month term \$250
	36 month term \$125
	48 month term \$ 0
