ORDER DIRECTING FILING

Issue Date: October 5, 2009

Effective Date: October 5, 2009

The Missouri Public Service Commission is ordering its staff (“Staff”) to clarify whether CenturyTel Solutions, LLC has properly formatted the revised tariff sheets (“revised tariffs”) that accompany its application for recognition of name change (“application”).

Any Commission order approving the tariffs must describe them and their effect precisely, but the Commission cannot reconcile the revised tariffs’ apparent effect and description. That is because the application includes a revised tariff for which the description in the upper right hand corner does not include the effect on earlier tariffs:

P.S.C. MO No. 1
Section 0
1st Revised Title Page 1

That description does not state that the revised tariff cancels any Original Title Page 1. Such formatting issues also appear in related actions.

Therefore, the Commission will order Staff to address the formatting of the revised tariff.

THE COMMISSION ORDERS THAT:

1. No later than October 9, 2009, the Commission's staff shall file a response to this order.
2. Such response shall describe the tariff sheets, accompanying the application for name change, as they should appear in a Commission order approving such tariffs sheets.
3. This order shall become effective immediately upon issuance.
