New Florence Telephone Company

Respondent.

Case No. TC-2006-0184

ORDER GRANTING MOTION FOR EXTENSION OF TIME TO PREPARE A PUBLIC VERSION OF THE TRANSCRIPT OF IN-CAMERA PROCEEDINGS

Issue Date: July 17, 2006

Effective Date: July 17, 2006

In an order issued on July 13, 2006, the Commission directed New Florence Telephone Company to review the transcript of the in-camera proceedings – Volume 3 of the transcript – to identify specific information that should be protected from disclosure. The Company was ordered to file a public version of the transcript with the protected information redacted by July 17. On July 14, New Florence filed a motion requesting additional time to file a public version of the transcript. New Florence represents that counsel for the Staff and for the Office of the Public Counsel have been consulted about the request for additional time and that neither object to that request.

New Florence's request for additional time is reasonable and its motion will be granted. The times for responses established in the Commission's previous order will be modified accordingly.

IT IS ORDERED THAT:

1. New Florence Telephone Company's Motion for Extension of Time is granted.

2. No later than July 21, 2006, New Florence Telephone Company shall file a public version of Volume 3 of the transcript, with confidential information redacted.

3. Any party wishing to comment on the public version of Volume 3 of the transcript to be filed by New Florence Telephone Company shall do so no later than July 26, 2006.

4. This order shall become effective on July 17, 2006.
