Subject: Recommendation to Approve Sprint Tariff to Provide TRS on Expedited Basis

Date: June 26, 2006

P.S.C. Mo. No. 2

On June 23, 2006, Sprint Communications Company, L.P. (Sprint), a competitive local exchange carrier, filed, on an expedited basis, a proposed tariff sheet, P.S. C. Mo. No. 2, Sheet 43.4, to bring Sprint into compliance with its Telecommunications Relay Services (TRS) contract. Expedited treatment has been requested for the proposed filing with an effective date of July 1, 2006. On June 26, Sprint filed substitute sheet to include language addressing operator surcharges and toll free calling. The proposed sheet ensures all calls by end-users to Relay Missouri are toll-free, that is placed at no charge. In the absence of a chosen interexchange carrier, Sprint will provide a 50% discount on its standard message transmission services rates. Operator-surcharges and rates that would otherwise apply will not exceed AT&T Communications of the Southwest's rates.

Staff has reviewed the proposed filing, and finds that it does not affect nor will it be affected by any other filing. The proposed filing is consistent with and the terms therein are required by Sprint's Relay contract. Staff does not object to the request for expedited treatment and recommends the instant filing be approved to go into effect on July 1, 2006.
