Re: TUK LLC
Request for Increase in Annual Sewer Operating Revenues Per Commission Order

Secretary –

TUK LLC (“TUK” or “Company”) is engaged in the provision of sewer service pursuant to a certificate of convenience and necessity issued by this Commission in Case No. WA-2015-0169, et al. The Company currently has 20 customers.

In the Missouri Public Service Commission’s Order Approving Stipulation and Agreement and Granting Certificate of Convenience and Necessity in Case No. WA-2015-0169, the Commission ordered TUK to file a small utility rate case pursuant to Commission Rule 4 CSR 240-3.050, no later than eighteen (18) months after the effective date of the tariff sheets required by the Order. Those tariff sheets became effective on January 1, 2016.

Accordingly, pursuant to Commission Rule 4 CSR 240-3.050 (Small Utility Rate Case Procedure), TUK hereby requests an increase in annual sewer system operating revenues in the amount of \$1. The Company understands that the design of its customer rates, its service charges, its customer service practices, its general business practices and its general tariff provisions will also be reviewed during the Commission Staff’s review of the rate increase request, and may thus be the subject of Staff recommendations at the conclusion of the rate increase process.

TUK understands that within thirty (30) days after a case is opened it will be required to mail written notice of a request that has been approved by the Staff and the Office of the Public Counsel, to each of its customers. TUK has no pending action or final unsatisfied judgments or decisions against it from any state or federal agency or court which involve customer service or rates. TUK has no annual report or assessment fees which are overdue.
