SECTION 3 - LONG DISTANCE SERVICES, (continued)

3.8   General, (continued)

3.8.5   Term and Volume Discounts, (continued)

B.   Additional Term Discounts

Term Discounts apply in addition to Volume Discounts when the Customer elects to enter into a term agreement for eligible BroadWing services. Term Discounts are calculated after applicable Volume Discounts are applied and before service-specific discounts are calculated. A penalty is computed and applied as a lump sum to the Customer's bill when the Customer cancels service prior to expiration of the term commitment. The penalty is computed by multiplying the difference between the rate the Customer would have paid for term served and the rate the Customer actually paid, by the number of months the higher discount was received.

Term	Percent Discount
12 Month Term	5%
24 Month Term	10%
36 Month Term	15%

3.8.6   Roadside Advantage

Roadside Advantage provides toll free number service to residence Customers at the rates specified in this tariff. Calls terminate to the Customer's standard local line(2) and call charges are billed to the Customer rather than to the originating party. Calls are billed in six (6) second increments. The minimum call duration for billing purposes is eighteen (18) seconds.

Roadside Advantage Customers are also eligible to receive national roadside assistance provided by the Advantage Auto Club and other non-telecommunications related services. These services operate independently from the toll free telecommunications service. The rates charges for Eclipse's Roadside advantage include membership and eligibility for Advantage auto Club services. When calling Advantage Auto Club, toll free access is provided at no charge by the Advantage Auto Club.
