5.2 Regulations

- 5.2.1 The following rules and regulations are in addition to other rules and regulations as stated in this or other Company tariffs.
- A. Provision of this service (or provision of any specific element associated with this tariff) is subject to the availability and operational limitations of the equipment and associated facilities.
 - B. A variety of equipment and facilities may be used to provide this service. The Company reserves the right to determine which shall be used and the right to modify and change such equipment at its option.
 - C. No credit allowance will be made for interruptions due to the negligence and/or failure of equipment provided by customer or user. Furthermore, interruptions of service during any period in which the Company is not afforded access to the premises at which this service is terminated will not receive a credit allowance.
 - D. The minimum billing period for this service is one month. If service is discontinued after the first month, during a fractional part of a month, all appropriate charges will be based on the actual number of days the service is furnished.
