This order directs that notice of this case be sent to all certificated interexchange and basic local exchange telecommunications companies in the state of Missouri and to the North American Numbering Plan Administrator. The order also establishes dates for the filing of requests to intervene and for the filing of recommendations.

On November 9, 2006, Southwestern Bell Telephone, L.P., d/b/a AT&T Missouri, filed an application under 47 C.F.R. 52.15(g)(3)(iv) requesting that the Commission review and reverse a decision of the North American Numbering Plan Administrator, NeuStar, Inc., to withhold certain numbering resources from AT&T Missouri in the form of ten "thousands-number blocks" of numbers, each having an NXX code concluding in the digit 3 or 5, to meet the needs of BJC Healthcare Systems and the Washington University Medical School, located at 1 Barnes Plaza, St. Louis, Missouri. AT&T Missouri's application included a motion for expedited treatment.

The Commission finds that proper persons should be allowed to file a request for intervention or a motion for hearing. Therefore, the Commission will set a time for interventions as directed below. In addition, the Data Center shall send a copy of this order to the North American Numbering Plan Administrator, NeuStar, Inc.

IT IS ORDERED THAT:

1. The Data Center shall send a copy of this order to each certificated interexchange and basic local exchange telecommunications company in Missouri and to the North American Numbering Plan Administrator, NeuStar, Inc.
