Dear Mr. Quinn:

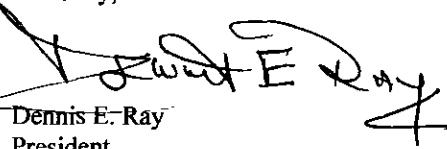

Gladlo Water & Sewer Company holds a certificate of public conveyance and necessity whereby it provides water and sewer services to the Whispering Pines Subdivision in Rolla, Missouri.

Pursuant to 4 CSR 240-2.200 the Missouri Public Service Commission's Small Company Rate Increase Procedure. The undersigned hereby requests an increase in its water rates and in its sewer rates. Gladlo is applying for an annual increase of \$6,800 for sewer service, and \$5,600 for water service. These additional revenues are necessary to meet current operating expenses, to provide an adequate return on investment, and to periodically update the current system. Gladlo Water and Sewer Company would also like to update its tariffs as the tariffs are outdated.

The Company is advising you that it is current on its PSC assessments. Also, the Company has filed its 2001 Annual Report for water and sewer companies as required by the Commission.

If you need additional information, please feel free to contact me by telephone at 573-368-3771.

Sincerely,

Dennis E. Ray
President
