Adelphia Business Solutions Operations, Inc.  
Tariff File No. 2000-00-792 (Basic Local Tariff, MoPSC No. 2)  
Tariff File No. 2000-00-793 (Access Tariff, MoPSC No. 3)

Dear Mr. Roberts:

Please find enclosed for filing in File No. 2000-00-792 an original and five copies of substitute Title Page and tariff sheet nos. 5, 7, 10, 11, 28, 37, 39, 41, 68, 85-91, 99, 100, 156-160, 184-189, 192, 195, 198, 199, 212, 219, and 220 to replace those same numbered sheets currently on file.

Also please find enclosed for filing in File No. 2000-00-793 and original and five copies of substitute tariff sheet nos. 77, 78, and 91 to replace those same numbered sheets currently on file.

The changes contained in these substitute sheets have been requested by Staff. A copy of this letter has been sent to counsel for all parties of record. Thank you.

Sincerely,

  
Brent Stewart

Section 2 - GENERAL RULES AND REGULATIONS (Cont'd)

2.1 USE OF FACILITIES AND SERVICE (Cont'd)

2.1.2 Limitations on Liability (Cont'd)

2.1.2.8 (Cont'd)

- (b) The Company does not guarantee nor make any warranty with respect to installations provided by it for use in an explosive atmosphere. The Company shall be indemnified, defended and held harmless by the Customer from and against any and all claims, loss, demands, suits, or other action, or any liability whatsoever, including attorney fees, whether suffered, made, instituted or asserted by the Customer or by any other party, for any personal injury to or death of any person or persons, and for any loss, damage or destruction of any property, including environmental contamination, whether owned by the Customer or by any other party, caused or claimed to have been caused directly or indirectly by the installation, operation, failure to operate, maintenance, presence, condition, location, use or removal of any equipment or facilities or the service.
- (c) The Company assumes no responsibility for the availability or performance of any cable or satellite systems or related facilities under the control of other entities, or for other facilities provided by other entities used for service to the Customer, even if the Company has acted as the Customer's agent in arranging for such facilities or services. Such facilities are provided subject to such degree of protection or nonpreemptibility as may be provided by the other entities.
- (d) Any claim of whatever nature against the Company shall be deemed conclusively to have been waived unless presented in writing to the Company within ninety (90) days after the date of the occurrence that gave rise to the claim.

Section 2 - GENERAL RULES AND REGULATIONS (Cont'd)

2.3 PAYMENT FOR SERVICES RENDERED (Cont'd)

2.3.4 Return Check Charge

When a check which has been presented to the Company by a customer in payment for charges is returned by the bank, the customer shall be responsible for the payment of a Returned Check Charge of \$10.00.

2.3.5 Late Payment Charges

- a. Customer bills for telephone service are due on the due date specified on the bill, which will be a minimum of 21 days from the date the bill is mailed. A customer is in default unless payment is made on or before the due date specified on the bill. If payment is not received by the customer's next billing date, a late payment charge of 1.5% will be applied to all amounts previously billed under this Tariff, excluding one month's local service charge, but including arrears and unpaid late payment charges. Unregulated and 900-related charges are not subject to late payment charges.
- b. Late payment charges do not apply to those portions (and only those portions) of unpaid balances that are associated with disputed amounts. Undisputed amounts on the same bill are subject to late payment charges if unpaid and carried forward to the next bill.
- c. Late payment charges do not apply to final accounts.
- d. Late payment charges do not apply to government agencies of the State of Missouri. These agencies are required to make payment in accordance with applicable state law.

Section 2 - GENERAL RULES AND REGULATIONS (Cont'd)

## 2.5 ACCESS TO CUSTOMER'S PREMISES

The customer shall be responsible for making arrangements or obtaining permission for safe and reasonable access for Company employees or agents of the Company to enter the premises of the customer or any joint user or customer of the customer at any reasonable hour for the purpose of inspecting, repairing, testing or removing any part of the Company's facilities.

## 2.6 TELEPHONE TAXES

## 2.6.1 General

In addition to the rates and charges applicable according to the rules and regulations of this Tariff, various taxes may apply to the customer's monthly billing statement. The Customer is responsible for payment of any fees (including franchise and right-of-way fees), charges, and taxes (however designated) (including without limitation sales, use, gross receipts, excise, access or other taxes but excluding taxes on the Company's net income) imposed by any local, state, or federal government on or based upon the provision, sale or use of Network Services. Fees, charges, and taxes imposed by a city, county, or other political subdivision will be collected only from those Customers receiving service within the boundaries of that subdivision. Adelphia Business Solutions will itemize taxes as separate line items, subject to approval by the Commission, in the customer's bill.

Section 2 - GENERAL RULES AND REGULATIONS (Cont'd)

2.8 SUSPENSION OR TERMINATION OF SERVICE (Cont'd)

2.8.2 Exceptions to Suspension and Termination

Telephone service shall not be suspended or terminated for:

- a. Nonpayment of bills rendered for charges other than telephone service or deposits requested in connection with telephone service;
- b. Nonpayment of unregulated or 900-related charges;
- c. Nonpayment for service for which a bill has not been rendered;
- d. Nonpayment of any billed charge [not subject to Commission jurisdiction] which is in dispute or for the nonpayment of a deposit which is in dispute during the period before a determination of the dispute is made by the Company in accordance with Company's complaint handling procedures. These procedures shall be in accordance with the Commission's Rules and Regulations.

Telephone service may be suspended or terminated for nonpayment of the undisputed portion of a disputed bill or deposit if the customer does not pay the undisputed portion after being asked to do so.

- e. Nonpayment of back-billed amounts as outlined in Section 2.11.12.

Section 3 - CONNECTION CHARGES (Cont'd)

3.3 MOVES, ADDS AND CHANGES

The Company alone may make changes in the location of its lines and equipment. When it is found that a move or change of such lines or equipment has been made by others, the Connection Charge for the underlying service will apply as if the work had been done by the Company.

The customer will be assessed a charge for any move, add or change of a Company service. Move, Add and Change are defined as follows:

- Move: The disconnection of existing equipment at one location and reconnection of the same equipment at a new location in the same building or in a different building on the same premises.
- Add: The addition of a vertical service to existing equipment and/or service at one location.
- Change: Including rearrangement or reclassification - of existing service at the same location.

Section 5 - SUPPLEMENTAL SERVICES (Cont'd)

## 5.2 LASS (Local Area Signaling Services) FEATURES

## 5.2.1 General

The features in this section are made available on an individual basis or as part of multiple feature packages. All features are provided subject to availability; features may not be available with all LASS services. Transmission levels may not be sufficient in all cases.

## 5.2.2 Description of Features

## a. Caller ID Name and Number

This feature enables the customer to view on a display unit the Calling Party Directory Name and/or Number (CPN) on incoming telephone calls.

When a Caller ID is activated on a customer's line, the CPN of incoming calls are displayed at the called CPE during the first, long silent interval of the ringing cycle.

Per line blocking for the blocking of CPN will be available upon request, at no charge, only to the following entities for lines over which the official business of the agency is conducted, including those at the residences of employees/volunteers, where an executive officer of the agency registers a need for blocking and provides the required certification to Adelphia Business Solutions: a) private, nonprofit, tax exempt, domestic violence intervention agencies and b) federal, state, and local law enforcement agencies. The CPN will not be transmitted from a line equipped with this capability. Per line blocking is operational on a continuous basis but can be deactivated by the customer by dialing an access code immediately prior to placing a call. Line blocking customers can unblock their CPN information on a per call basis, at no charge, by dialing an access code (\*82 on their touch tone pad or 1182 from a rotary phone) immediately prior to placing a call.

---

Section 5 - SUPPLEMENTAL SERVICES (Cont'd)

## 5.2 LASS (Local Area Signaling Services) FEATURES (Cont'd)

## 5.2.2 Description of Features (Cont'd)

## a. Caller ID Name and Number (Cont'd)

A customer may prevent the delivery of their calling name and/or number to the called party by dialing an access code (\*67 on their touch tone pad or 1167 from a rotary phone) immediately prior to placing a call. The access code will activate per call blocking, which is available at no charge. If the calling party activates blocking, the CPN will not be transmitted across the line to the called party. Instead, Calling Line Identification customers will receive an anonymous indicator. This anonymous indicator notifies the Caller ID customer that the calling party has elected to block the delivery of their name and telephone number. The blocking of CPN will not be provided on calls originating from Customer Owned Pay Telephones. If the Caller ID customer also subscribes to Anonymous Call Rejection, the calling party will be routed to a telephone company recording advising the caller that the called party will not accept calls whose CPN has been blocked.

Any customer subscribing to Caller ID will be responsible for the provision of a display device which will be located on the customer's premises. The installation, repair, and technical capability of that equipment to function in conjunction with the feature specified herein will be the responsibility of the customer. Adelphia Business Solutions assumes no liability and will be held harmless for any incompatibility of this equipment to perform satisfactorily with the network features described herein.

Telephone CPN information transmitted via Caller ID is intended solely for the use of the Caller ID subscriber. Resale of this information is prohibited by this tariff. CPN will not be displayed if the called party is off-hook or if the called party answers during the first ring interval. CPN will be displayed for calls made from another central office only if it is linked by appropriate facilities. Caller ID is not available on operator handled calls.

Section 5 - SUPPLEMENTAL SERVICES (Cont'd)

## 5.3 LASS (Local Area Signaling Services) FEATURES (Cont'd)

## 5.2.2 Description of Features (Cont'd)

## b. Automatic Callback

The Automatic Callback feature allows a customer to automatically Callback the last number dialed. This is accomplished by the customer activating a code. The network periodically tests the busy/free status of the called line for up to 30 minutes until both lines are found free and then Callbacks the call for the customer.

The Automatic Callback feature also allows customers, having reached a busy number, to dial a code before hanging up. Automatic Callback feature then continues to try the busy number for up to 30 minutes until it becomes free. Once the busy line is free the call is automatically called back and the customer is notified of the connected call via a distinctive ring.

The following types of calls cannot be Automatically Called back:

- Calls to toll-free Service numbers
- Calls to 900 Service numbers
- Calls preceded by an interexchange carrier access code
- International Direct Distance Dialed calls
- Calls to Directory Assistance
- Calls to 911

---

Section 5 - SUPPLEMENTAL SERVICES (Cont'd)

## 5.2 LASS (Local Area Signaling Services) FEATURES (Cont'd)

## 5.2.2 Description of Features (Cont'd)

## c. Automatic Recall

The Automatic Recall stores the number of the most recent incoming call (including unanswered incoming calls) to a customer's number. This allows a customer to dial back any missed or unanswered telephone calls.

## d. Selective Distinctive Alert

Selective Distinctive Alert allows a user to create a list of up to twelve telephone numbers from which calls will be distinguished by a special ring or, if the line is busy, by a special call waiting tone. The number of the last incoming call can be added to the user's list even if it is not known.

When the feature is activated, calls from numbers on the user's Selective Distinctive Alert list have a special ring or special call waiting tone. Calls from numbers not on the list ring normally.

Using codes entered on the user's station set, the user can at any time: add numbers to or delete numbers from the Selective Distinctive Alert list, and activate or deactivate the feature.

## e. Selective Call Acceptance/Forwarding

Selective Call Acceptance/Forwarding allows a user to create a list of up to twelve telephone numbers from which calls will be accepted or forwarded to a user-specified number.

When the feature is activated, calls from numbers that are not on the user's Selective Call Acceptance/Forwarding list are either routed to an announcement that calls are not being accepted or forwarded to a user-specified number.

Using codes entered on the user's station set, the user can at any time: add numbers to or delete numbers from the Selective Call Acceptance/Forwarding list; specify or change the forward-to number; specify how non-accepted calls are treated; and activate or deactivate the feature.

---

---

Section 5 - SUPPLEMENTAL SERVICES (Cont'd)

## 5.2 LASS (Local Area Signaling Services) FEATURES (Cont'd)

## 5.2.2 Description of Features (Cont'd)

## f. Selective Call Rejection

Selective Call Rejection allows a user to create a list of up to twelve telephone numbers from which calls will not be accepted. The most recent incoming call can be added to the list even if the number is not known.

When the feature is activated, a call from a number on the user's Selective Call Rejection list is routed directly to an announcement that it will not be accepted. Calls from other numbers complete normally.

Using codes entered on the user's station set, the user can at any time: add numbers to or delete numbers from the Selective Call Rejection list, and activate or deactivate the feature.

## g. Caller ID Number Only

Caller ID Number automatically displays a caller's number, if available, on the user's station set display.

## h. Caller ID Name Only

Caller ID Name automatically displays a caller's name, if available, on the user's analog station set display.

## i. Call Trace

Adelphia Business Solutions' call trace capability is not available on a per call basis. If a customer wishes to have this capability he/she must subscribe to Adelphia Business Solutions' Call Trace Service. Charges for this service are listed in Section 12.

A customer who subscribes to Adelphia Business Solutions' Call Trace Service and wishes to attempt a Call Trace must immediately after the threatening or harassing call press \*57, and hold the line. A recording will inform the customer if the trace was successful, and how to proceed by contacting 911. Under no circumstances will the customer be provided the calling number.

---

Issued: March 2, 2000

---

Section 5 - SUPPLEMENTAL SERVICES (Cont'd)

## 5.2 LASS (Local Area Signaling Services) FEATURES (Cont'd)

## 5.2.2 Description of Features (Cont'd)

## j. Bulk Calling Line ID

Bulk Calling Line ID provides PBXs, multi-line hunt groups, and Centrex groups or individual lines with information about calls originating from outside. As an option, the customer can have the same information collected for intra-group calls.

Call information is transmitted from the terminating switch to customer-provided equipment at the customer's premises for recording and storage.

## k. Computer Access Restriction

Computer Access Restriction allows a user to create a list of up to 31 telephone numbers from which calls will be accepted for computer access dial-up.

When the feature is activated, calls from numbers that are not on the user's Computer Access Restriction list are routed to an announcement that calls are not being accepted or forwarded to a user-specified number.

Using codes entered on the user's station set, the user can at any time: add numbers to or delete numbers from the Computer Access Restriction list; specify how non-accepted calls are treated; and activate or deactivate the feature.

## l. Anonymous Call Rejection

Anonymous Call Rejection automatically routes incoming calls that are intentionally marked private to an announcement that such calls are not accepted. The user is not alerted to the incoming call. Calls with numbers or names that are unavailable due to network restrictions or other similar reasons complete normally.

The user can activate and deactivate Anonymous Call Rejection with dialed codes.

Anonymous Call Rejection is included with all Caller ID features. Lines without a Caller ID feature can subscribe to Anonymous Call Rejection as an individual feature.

Section 5 - SUPPLEMENTAL SERVICES (Cont'd)

5.2 LASS (Local Area Signaling Services) FEATURES (Cont'd)

5.2.2 Description of Features (Cont'd)

m. Callback Features Package

The Callback Features Package includes: Automatic Callback, Automatic Recall, and Call Trace.

n. Selective Call Features Package

The Selective Call Features Package includes: Selective Call Acceptance, Selective Call Forward, Selective Call Rejection, and Selective Distinctive Alert.

5.2.3 Rates and Charges

a. Monthly Rates

Rates for this service are located in Section 12, Residential Network Switched Service, and Section 12, Business Network Switched Service.

b. Connection Charges (Nonrecurring Charges)

Connection charges may apply when a customer requests connection to one or more features. Orders requested for the same customer account made at the same time for the same premises will be considered one request. These charges may not apply if the features are ordered at the same time as other work for the same customer account at the same premises.

See Rate Schedule in Section 12 of this Tariff.

c. Trial Period

The Company may elect to offer a free or reduced rate trial of any new LASS feature(s) to prospective customers within 90 days of the establishment of the new feature. See 5.4, Service and Promotional Trials, below.

---

Issued: March 2, 2000

Effective: April 17, 2000

By: Janet S. Livengood, Esquire, Director of Legal and Regulatory Affairs  
DDI Plaza Two  
500 Thomas Street, Suite 400  
Bridgeville, Pennsylvania 15017

---

Section 5 - SUPPLEMENTAL SERVICES (Cont'd)

5.4 SERVICE AND PROMOTIONAL TRIALS

5.4.1 General

From time to time, Adelphia Business Solutions may elect to offer special promotions to its customers. These promotions will generally consist of a reduced price, a waiver of installation charges, or a free service with a purchase of another service.

Any promotional waiver or discounted rate will apply only one time per customer for each service in any given wire center prefix during the course of the promotional period, subject to prior notification and approval by the Missouri Public Service Commission.

Adelphia Business Solutions will provide written notice to the Commission no less than seven (7) days prior to the beginning of each promotion period identifying the promotion and the exchanges within which the promotion will be offered. If facilities permit, all customers will be offered the same opportunity to take advantage of the same terms and conditions under the promotions in which to subscribe to these services.

---

Section 5 - SUPPLEMENTAL SERVICES (Cont'd)

5.5 BUSY VERIFICATION AND INTERRUPT SERVICE

5.5.1 General

Upon request of a calling party, the Company will verify a busy condition on a called line. An operator will determine if the line is clear or in use and report to the calling party. In addition, the operator will intercept an existing call on the called line if the calling party indicates an emergency and requests interruption.

5.5.2 Rate Application

a. A Verification Charge will apply when:

1. The operator verifies that the line is busy with a call in progress,  
or
2. The operator verifies that the line is available for incoming calls.

Section 8 - SPECIAL SERVICES AND PROGRAMS (Cont'd)

8.5 UNIVERSAL EMERGENCY TELEPHONE NUMBER SERVICE

8.5.1 General

Universal Emergency Telephone Number Service (911 Service) is an arrangement of Company central office and trunking facilities whereby any telephone user who dials the number 911 will reach the emergency report center for the telephone from which the number is dialed or will be routed to an operator if all lines to an emergency report center are busy. If no emergency report center customer exists for a central office entity, a telephone user who dials the number 911 will be routed to an operator. The telephone user who dials the 911 number will not be charged for the call.

**RATES & CHARGES**

The rates and charges listed in Section 12 correspond with the respective sections for each service description previously detailed in this tariff. A corresponding section number cross-references where each service description is located in this tariff. Services for which a rate of "NOC" is listed are not offered currently.
