Schedule an in-home energy analysis

Have both electric and gas and live in a single-family home? You may be eligible for an energy analysis for just \$25!

In-home Energy Analysis and Rebates

If you have both electric and gas service through Ameren Missouri and live in a single-family home, you may be eligible for a valuable in-home energy analysis for just \$25!

How it works

Contact us to set up an appointment for a professional energy auditor to come to your home. Your auditor will assess your energy usage and provide you with a detailed report outlining steps you can take to maximize your energy savings - plus install up to \$200 worth of free improvements!

What you get

Your comprehensive report includes...

- No-cost actions you can take right now to cut your energy use
- Low-cost, high-impact changes you can make to get even better results
- Information about large-scale improvements that could maximize your energy savings
- Descriptions of improvements made and their benefits

Home improvements that could be installed include...

- High-efficiency faucet aerators and showerheads
- ENERGY STAR® certified CFL/LED light bulbs
- Water heater thermostat setbacks
- Smart power strips
- Up to 10 feet of water heater pipe wrap

Remove

And there's more!

ActOnEnergy: CommunitySavers® Program

Savings for federally subsidized building owners and tenants!

Our Ameren Missouri **CommunitySavers®** program works with owners and property managers of federally subsidized rental properties (USDA, HUD or Public Housing Authority) with three dwelling units or more to install a variety of energy efficiency upgrades. Tenants save more than \$125 each year on energy costs! Plus, building managers save time and maintenance costs by improving their properties - at no cost!

Properties may qualify for some or all of these energy efficiency upgrades:

- ENERGY STAR® certified compact fluorescent light (CFL) bulbs
- ENERGY STAR certified refrigerator replacements
- ENERGY STAR window/through-the-wall air conditioner replacements
- Programmable thermostats
- Electric hot water heater insulation jackets
- Hot water pipe insulation
- High-efficiency faucet aerators
- High-efficiency shower heads
- Smart power strips

Remove

In order to participate, the building owner or property manager must complete an [application](#) and call 855.207.6254 to talk with an Ameren Missouri representative. Upon approval, the owner and/or property manager will schedule an appointment with us to review and discuss the program.

To learn if your building qualifies for these upgrades, please call toll-free 855.207.6254 or [email us](#).
