RE: Submittal Rules & Regulation tariff sheets filed in case ER-2012-0175

Dear Secretary:

KCP&L Greater Missouri Operations Company (KCP&L GMO) asks the Commission to substitute the enclosed Rules and Regulation tariff sheets (R-62.15, R-62.16, R-62.17, and R-62.18) for the ones submitted on initially submitted with the application on February 27, 2012. Missouri Staff and KCP&L GMO have been in discussion concerning these tariff sheets and have agreed on the need for minor changes to the original filing. The change is to add the "R-" in front of the sheet number. Because these changes do not materially affect the content, KCP&L GMO is asking that the original effective date remain the same.

Thank you for your consideration of these tariffs. Please contact me directly at (816) 701-0527 if you require any additional information.

Sincerely,

A handwritten signature in cursive script that reads "Ila R. Aspey".

F. CREDIT AMOUNT:

Participants shall receive the available ERP credit for so long as the Participant continues to meet the ERP eligibility requirements and reapplies to the program as required.

Participants shall receive the ERPP credit in the amount of each Participant's average bill for the most recent 12 months bills, not to exceed \$50 per month. The credit amount will be determined by the Company at the time of enrollment.

G. DISCONTINUANCE AND REINSTATEMENT:

The Company will discontinue a Participant's ERP credit for any of the following reasons:

1. If the Company, through the Agencies, determines the participant no longer meets the eligibility requirements set forth in this tariff.
2. If the Participant submits a written request to the Company asking that the ERP credit be discontinued.

Reinstatement of the ERP credit following discontinuance in the above circumstances, and after the participant again meets the eligibility requirements, will be at the discretion of the Company.

H. MISAPPLICATION OF THE ERP CREDIT:

Providing incorrect or misleading information to obtain the ERP credit shall constitute a misapplication of the ERP credit. If this occurs the Company may discontinue the ERP credit and rebill the account for the amount of all ERP credits received by the Participant. Failure to reimburse the Company for the misapplication of the ERP credits may result in termination of customer's electric service pursuant to the Company's rules and regulations. However, nothing in this tariff shall be interpreted as limiting the Company's rights under any provisions of any applicable law or tariff.
