Side Programs and for Authority to Establish A) File No. EO-2014-0095

STATEMENT IN LIEU OF REBUTTAL TESTIMONY

Come now the Division of Energy, Natural Resources Defense Council, Earth Island Institute d/b/a Renew Missouri, and Sierra Club ("the Parties"), and state the following.

Since all-party settlement talks ceased on March 20, the Parties to this statement and the Company have continued to pursue a stipulation and agreement. We have reached an agreement in principle that would resolve the issues in this case at least among the Parties and the Company. In light of this agreement in principle, the Parties will not be filing rebuttal testimony on this date. However, in light of the fact that the agreement in principle has not yet been memorialized in a binding Stipulation and Agreement, the Parties may seek leave to file rebuttal testimony in the case in the event that the agreement is not finalized. We look forward to further discussions in hope that all parties may reach a resolution of all issues in this case so that KCPL can implement a MEEIA plan.
