**ORDER APPROVING TARIFF**

The Commission granted to Ameritech Communications International, Inc. (ACII) a certificate of service authority to provide basic local exchange telecommunications services in Missouri by Report and Order issued on February 28, 1997. The order directed the company to file tariff sheets reflecting the rates, rules, regulations it will use and the services it will offer. The company filed the required tariff sheets, labelled "P.S.C. MO. No. 2" (File No. 9800345) on November 5,<sup>1</sup> with an effective date of December 5, and filed a substitute sheet on November 19.

The Commission's Staff (Staff) reviewed the tariff sheets and filed a memorandum on November 24 recommending that the Commission approve them as amended by the substitute sheet. Staff stated that P.S.C. MO. No. 2 encompasses only ACII's resale of basic local service to residential customers in 40 exchanges currently served by Southwestern Bell Telephone Company (SWBT) in the St. Louis and Cape Girardeau areas. ACII's agreement with SWBT provides for interconnection with SWBT and resale of SWBT's

services. At the present time, ACII intends to offer services by resale, only. Before providing facilities-based service, ACII will file an access tariff. ACII also intends to offer business services after ACII has established a base of residential customers.

Pursuant to P.S.C. MO. No. 2, ACII will offer residential customers basic local exchange services including Metropolitan Calling Area Service and calling features such as Call Forwarding, Call Return, Call Waiting, Caller I.D., Repeat Dialing, Speed Calling, Call Return and Call Blocking services, as well as local operator assistance and local directory assistance services. According to Staff, ACII's rates are comparable to the rates of other companies offering similar services. Staff also stated that P.S.C. MO. No. 2 is in compliance with Commission rules and regulations.

The Commission has reviewed the tariff sheets and the Staff's recommendation. The Commission finds that the tariff sheets conform to the Commission's Report and Order of February 28 and should be approved as amended to become effective on December 5.
