Rules Governing Rendering of Sewer Service

**SCHEDULE OF SERVICE CHARGES**

**CONNECTION CHARGES:**

All single family residential customers utilizing a STEP system that the company will maintain shall pay a one-time \$4,500.00 connection charge for three bedroom and smaller homes and \$4,800 for four bedroom and larger homes when making application for service. This charge is inclusive of all accessories and inspections as hereinafter referenced. All non-residential or multi-family service connection charges shall be at actual cost incurred by the Company in accordance with Rules 10 and 11. The Company shall have sole discretionary authority to decide who may install equipment and will provide a letter to any person, company, incorporation or other business entity that has the authority to install equipment that will ultimately be operated and maintained by Company. Upon request that person, company, incorporation or other business entity shall produce a letter stating in writing that they are so granted authority to install equipment that will ultimately be operated and maintained by Company and if so unable to produce said letter, that entity or person shall not install any equipment to be ultimately operated and maintained by company. \*

This charge does include: Cost for connecting the home to the sewer main. This includes any and all costs associated with the following: watertight septic tank, post construction testing of tank and system, pump or pumps, effluent filters, electrical control panel, splice box and wiring from control panel to septic tank, wiring from stubbed out electrical service at customer home to control panel (see Rule No. 6), 4" SCH 40 (or equal) piping from single family residence to septic tank up to 120 linear feet, 1" SCH 40 (or equal) piping from septic tank to main collection systems line up to 800 linear feet, risers and lids, service connection valves and appurtenances, inspections.

This charge does not include: any surveying to determine actual location of easements or property lines for customer, any electrical service beyond connecting to a 30 amp dedicated circuit and another minimum 20 amp circuit that need not be a dedicated circuit (minimum two separate circuits, see Rule 6) single phase electrical connection stubbed by customer to exterior of house, any plumbing closer than 5' of customer's building or residence,

Connection charges for STEG and Gravity collection systems will be based on actual costs as allowed by the Missouri Public Service Commission. The cost for a connection charge to a STEG or Gravity flow collection system will be stated in the Company's Tariff when data is obtained to present a reasonably accurate cost.
