Effective Date: April 11, 2021

On January 13, 2021,² the Commission issued its Order Approving Stipulation and Agreement and Granting Certificates of Convenience and Necessity (Order). The Order required Confluence Rivers Utility Operating Company, Inc., (Confluence) to adopt the tariffs of Terre Du Lac Utilities Corporation (Terre Du Lac) and to submit an adoption notice before closing on the assets to adopt the existing Terre Du Lac tariffs.

Staff's recommendation states that Staff reviewed the tariff adoptions and determined that they are in compliance with the Commission's January 13 order. Staff recommends the Commission approve the tariff sheets to adopt Terre Du Lac's currently effective water tariff (YW-2021-0165) and sewer tariff (YS-2021-0166), bearing effective dates of April 11. Upon reviewing the pleadings, the Commission finds Confluence's tariff sheets comply with the Commission's January 13 Order and will approve them. To accommodate the tariffs' effective dates, the Commission will approve the tariffs to become effective on April 11, 2021, and will make this order effective on the same date.

THE COMMISSION ORDERS THAT:

1. Confluence's tariff sheets adopting the existing water and sewer tariffs of Terre du Lac, YW-2021-0165 and YS-2021-0166, are approved, to become effective on April 11, 2021.
2. This order shall become effective on April 11, 2021.
