## ORDER DIRECTING FILING

Issue Date: April 20, 2021

Effective Date: April 20, 2021

On May 26, 2019, Missouri-American Water Company ("MAWC") filed an Application and Motion for Waivers. On September 27, 2019, the Commission issued its Order Staying Proceedings because of an ownership issue concerning the assets that MAWC was seeking to acquire. The Commission ordered MAWC to file a status report immediately upon the resolution of the ownership issue or otherwise no later than November 1, 2019, and on the first day of each month thereafter. On June 5, 2020, the Commission issued an Order Amending Status Report Schedule. This order required MAWC to file a status report upon resolution of the asset ownership issue and otherwise every three months, commencing on September 1, 2020. MAWC has filed eleven status reports through March 1, 2021, all stating that the ownership issue has not been resolved. The Commission will direct MAWC, in its next status report, to advise the Commission on whether there is any reason why this file may not be closed until further request by a party or Commission order.

**THE COMMISSION ORDERS THAT:**

1. With its next status report, MAWC shall file suggestions advising the Commission whether there be any reason the Commission may not close this file until further request by a party or order of the Commission.
2. This order shall be effective when issued.
